

KKR & Co. Inc.

Investor Day – April 13, 2021

Legal Disclosures

This presentation has been prepared by KKR & Co. Inc. solely for informational purposes for its public stockholders in connection with evaluating the business, operations and financial results of KKR & Co. Inc. and its subsidiaries (collectively, "KKR"), which includes The Global Atlantic Financial Group LLC and its subsidiaries (collectively, "Global Atlantic") as of February 1, 2021. This presentation is not and shall not be construed as an offer to purchase or sell, or the solicitation of an offer to purchase or sell any securities of KKR & Co. Inc. This presentation may not be distributed, referenced, quoted or linked by website, in whole or in part, except as agreed to in writing by KKR & Co. Inc.

Any discussion of specific KKR entities other than KKR & Co. Inc. is provided solely to demonstrate such entities' role within the KKR organization and their contributions to the business, operations and financial results of KKR & Co. Inc. Each KKR entity is responsible for its own financial, contractual and legal obligations. This presentation is not and shall not be construed as an offer to purchase or sell, or the solicitation of an offer to purchase or sell, any security, service or product of or by any KKR entity, including any investment advice, any investment fund, vehicle or account, any capital markets service, or any insurance product. Nothing in this presentation constitutes the provision of any tax, accounting, financial, investment, insurance, regulatory, legal or other advice by KKR or its representatives.

The statements contained in this presentation are made as of April 13, 2021, unless another time is specified in relation to them, and access to this presentation at any given time shall not give rise to any implication that there has been no change in the facts set forth in this presentation since that date. All financial information in this presentation, including any information that is presented as "Inception to Date" (or "ITD") or "April 2021 Investor Day" is as of December 31, 2020 unless otherwise indicated. All information presented as of "July 2018 Investor Day" is as of March 31, 2018. Certain information presented in this presentation has been developed internally or obtained from sources believed to be reliable; however, KKR does not give any representation or warranty as to the accuracy, adequacy, timeliness or completeness of such information, and assumes no responsibility for independent verification of such information.

This presentation contains certain forward-looking statements pertaining to KKR, including with respect to the investment funds, vehicles and accounts managed by KKR and the insurance companies managed by Global Atlantic. Forward-looking statements relate to expectations, estimates, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. You can identify these forward-looking statements by the use of words such as "outlook," "believe," "think," "expect," "potential," "continue," "may," "should," "seek," "approximately," "predict," "intend," "will," "plan," "estimate," "anticipate," the negative version of these words, other comparable words or other statements that do not relate strictly to historical or factual matters. These forward-looking statements are based on KKR's beliefs, assumptions and expectations, but these beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to KKR or within its control. Due to various risks and uncertainties, actual events or results may differ materially from those reflected or contemplated in such forward-looking statements. Past performance is no guarantee of future results. All forward-looking statements speak only as of the date of this presentation. KKR does not undertake any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date of this presentation except as required by law. Please see the Appendix for additional important information about forward looking statements, including the assumptions and risks concerning projections and estimates of future performance.

This presentation includes certain non-GAAP financial measures. These non-GAAP measures are in addition to, and not a substitute for, measures of financial performance prepared in accordance with U.S. GAAP and may have important limitations as analytical tools, because they may exclude items that may be significant in understanding and analyzing our financial results. In addition, these measures are defined or calculated differently by different companies in our industry and, accordingly, investors should use caution when considering the measures used in this presentation compared to similarly titled measures of other companies. Please see the Appendix for additional important information about the non-GAAP measures presented herein and a reconciliation of non-GAAP measures to comparable GAAP measures.

Please see the Appendix for other important information. In addition, information about factors affecting KKR, including a description of risks that should be considered when making a decision to purchase or sell any securities of KKR & Co. Inc., can be found in KKR & Co. Inc.'s Annual Report on Form 10-K for the fiscal year ended December 31, 2020, filed with the SEC on February 19, 2021 and its other filings with the SEC, which are available at www.sec.gov.

SIGNIFICANT AND
HIGHLY VISIBLE**

WE HAVE FOUR MAIN TAKEAWAYS FOR YOU TODAY

We Have Scaled Meaningfully Since Last Investor Day

(\$ in billions)

Assets Under Management

Note: For instances in this presentation unless otherwise noted, July 2018 Investor Day represents March 31, 2018. KKR's AUM as of December 31, 2020 and April 2021 Investor Day will be presented as \$349 billion, representing KKR AUM of \$252 billion as of December 31, 2020 adjusted on a pro forma basis for \$98 billion of Global Atlantic AUM. When included in this presentation, Global Atlantic AUM represents adjusted invested assets of Global Atlantic plus Ivy and other as of January 31, 2021.

KKR

We Are Growing Faster Than the Market

(\$ in trillions)

Alternatives AUM

(\$ in billions)

KKR AUM

Note: KKR's definition of AUM is different from PwC's definition of AUM, and therefore the two may not be directly comparable.

Source: Market represents global alternatives AUM as defined and presented by PwC in their 2020 & 2017 Asset & Wealth Management Revolution reports.

KKR

Powerful Management Fee Profile as Businesses Scale

(\$ in millions)

Note: 2018-2020 reflect recast reporting. See Appendix for important information about our recast financial presentation.

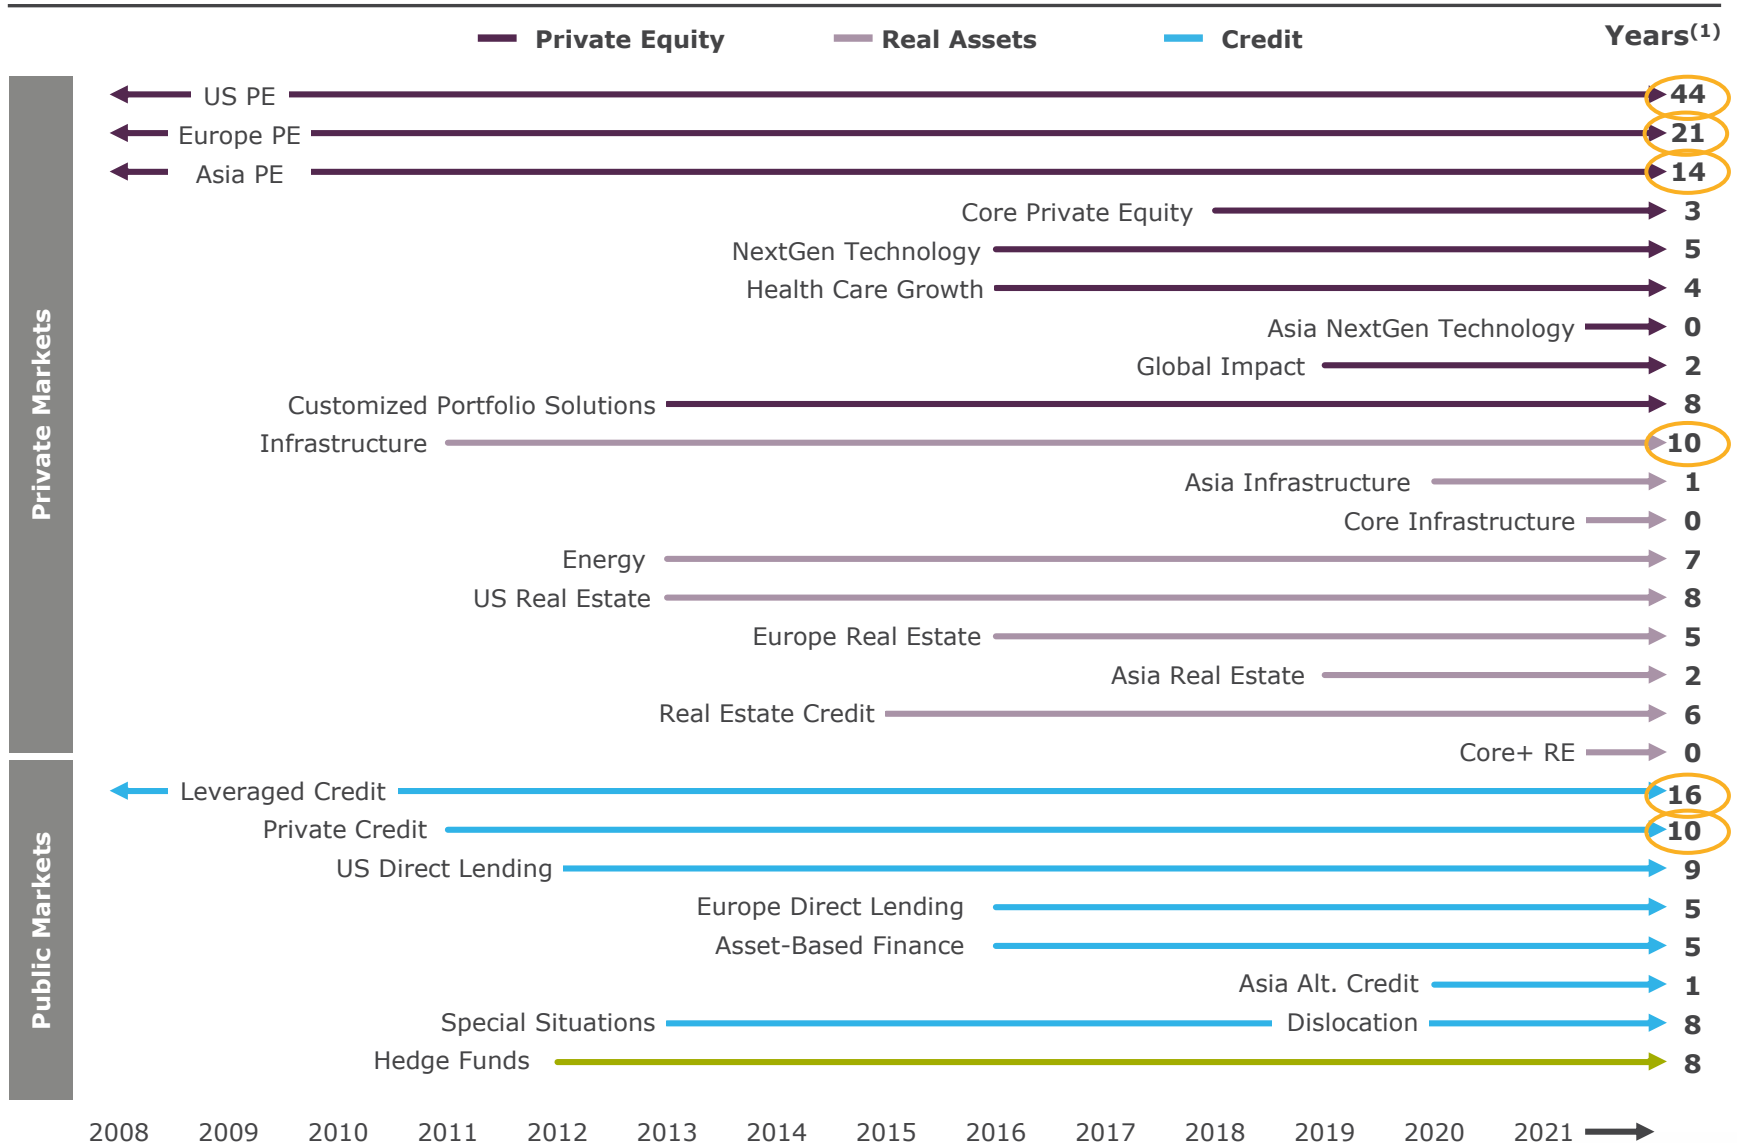

KKR

We have highly differentiated investment platforms

Most of our strategies are not yet top 3

We have a significant growth opportunity ahead of us

We Have A Number Of Scaling Strategies...

(1) Years since strategy inception.

...With Large Addressable End Markets

(\$ in billions)

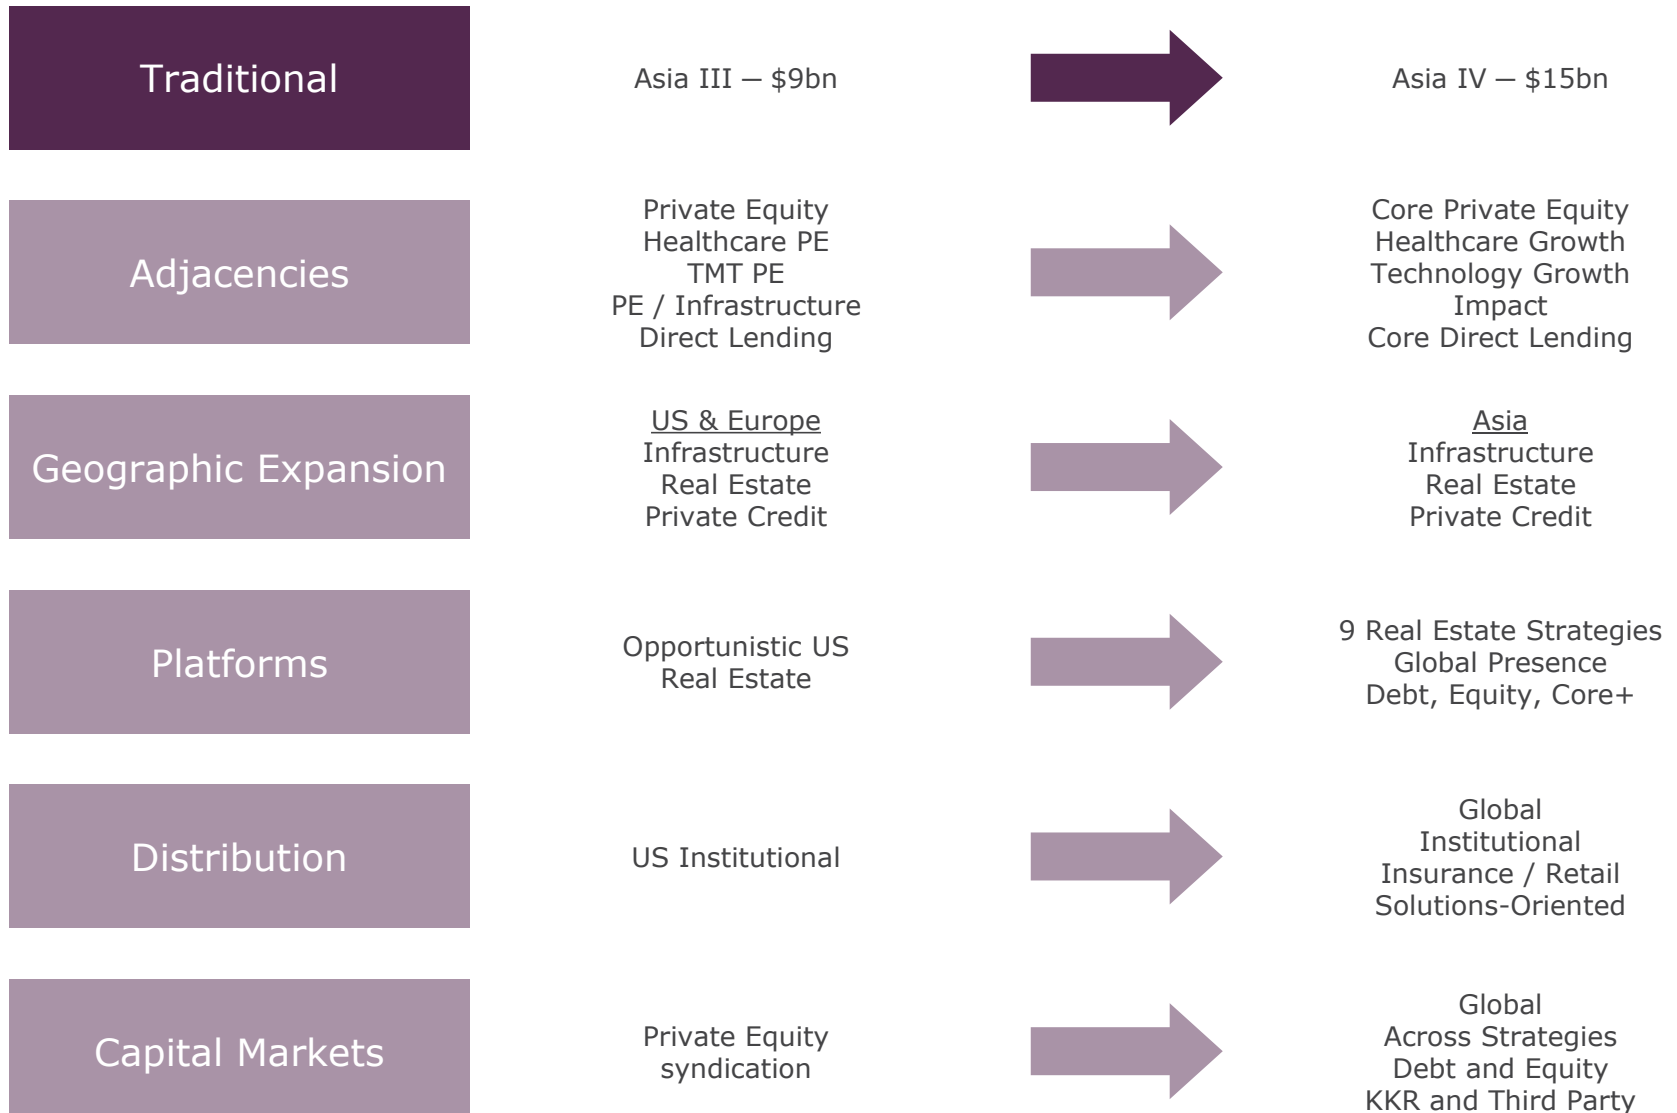

Businesses	Market Size	KKR AUM	KKR Share
Traditional Private Equity	\$4,740	\$88	4.2%
Growth	\$691	\$8	1.2%
Real Estate	\$1,090	\$27	2.5%
Infrastructure	\$655	\$17	2.7%
Alternative Credit	\$1,128	\$61	5.4%
Leveraged Credit	\$2,415	\$103	4.3%
Hedge Funds	\$3,870	\$25	0.6%

Note: The definition of AUM for purposes of calculations of market size and KKR AUM are not identical, so percentages under KKR share may not accurately portray KKR's actual share of the markets presented. Undue reliance should not be placed on these percentages and no inference as to future growth in these businesses should be made based only on the information on this page.

We Have Many Growth Avenues

Note: Asia IV includes AUM plus employee commitments.

Our Scaling Opportunity – Assets Under Management

(\$ in billions)

Note: "Market Leader" represents the investment managers considered by KKR to be the leading investment managers in their respective markets, and their AUM figures have been obtained from publicly available sources as of April 6, 2021. Information on this slide is presented solely as an illustration of comparative AUMs and should not be relied upon as a prediction of KKR's growth or a forecast of KKR's AUM in any of the markets presented. KKR's definition of AUM may differ from the AUM calculations of other investment managers and, as a result, may not be comparable to the AUM presented for these other investment managers.

Note: KKR's historical financial results, as of and for the year ended December 31, 2020, do not reflect Global Atlantic's financial results or the impact on KKR's financial results of the closing of the Global Atlantic acquisition as of February 1, 2021, and may not be indicative of KKR's financial results for the quarter ended March 31, 2021 and for future periods when KKR will consolidate the results of Global Atlantic.

(1) Total fixed annuities based on FY 2020 sales data as reported to LIMRA. Global Atlantic management estimate of FY 2020 block reinsurance activity based on publicly announced and/or closed reinsurance deals as of December 31, 2020.

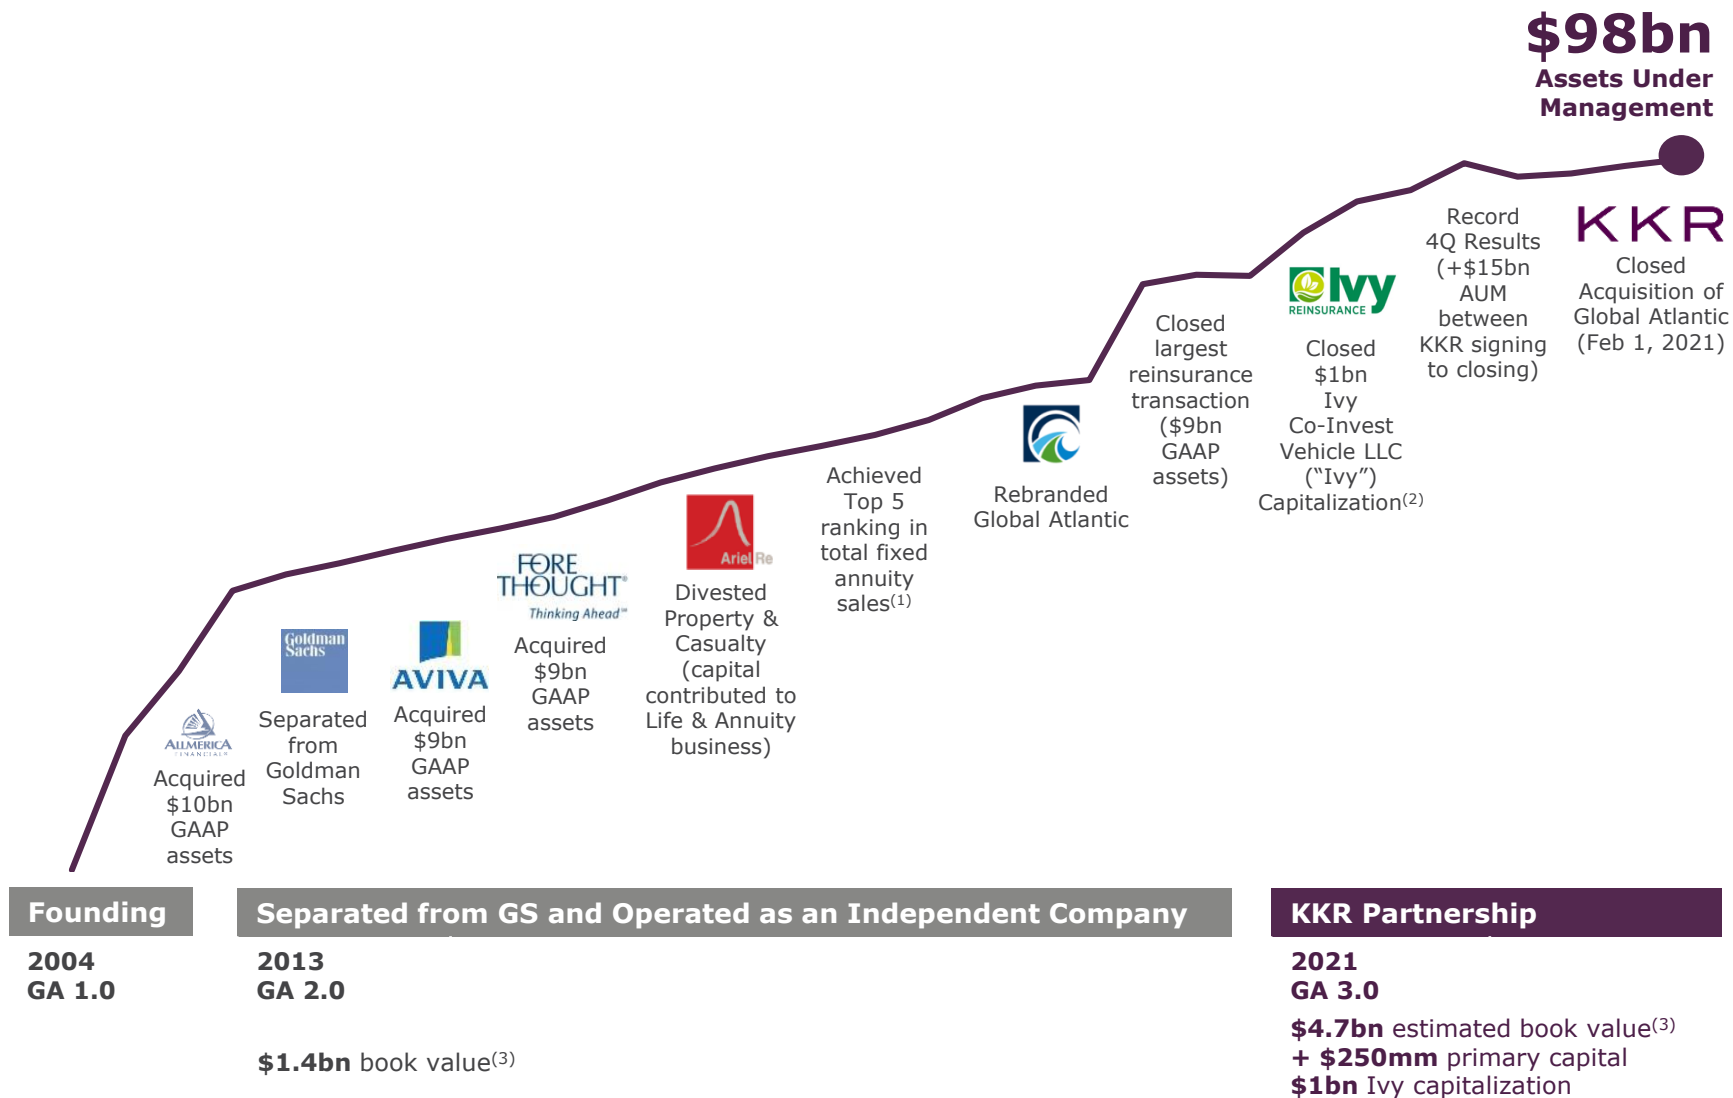

(2) Based on FY 2016 – FY 2020 U.S. L&A public companies' results, as publicly disclosed, as of January 31, 2021. L&A companies include ATH, AEL, MET, PRU, PFG, LNC, VOYA, RGA, GL, UNM, CNO.

(3) FY 2016 – FY 2020 Assets Under Management ("AUM"), Adjusted Operating Earnings ("AOE") and Book Value excluding Accumulated Other Comprehensive Income ("BV"). AOE represents adjusted operating earnings definition prior to closing of the Global Atlantic acquisition as of February 1, 2021.

(4) Represents Financial Strength Ratings of Global Atlantic's insurance subsidiaries (not credit ratings of any product or security), as of March 31, 2021. Moody's (Positive Outlook) / S&P (Stable Outlook) / Fitch (Stable Outlook) / AM Best (Stable Outlook).

KKR

1 Journey to Date – Active Management Across Market Cycles

(1) Total fixed annuities based on sales data as reported to LIMRA.

(2) Represents approximately \$0.8bn of third-party equity capital commitments and \$0.2bn debt facility.

(3) In May 2013, when Global Atlantic separated from Goldman Sachs, Global Atlantic shareholders had a total investment of \$1.4bn in the Company. As of February 1, 2021, Global Atlantic's estimated book value excluding Accumulated Other Comprehensive Income ("AOCI"), a non-GAAP measure, was approximately \$4.7bn.

1 How Global Atlantic Manages its Business

1

Growing Assets

- Global Atlantic has two channels to grow assets: **individual and institutional**
- Growth in assets increases Global Atlantic's opportunity to serve customers and clients and increases their ability to earn income

2

Managing Margins

Easy to understand, spread-based business model:

- (+) **Net Investment Earned Rate:** high credit quality, diversified, fixed income-oriented investments that are cash-flow matched to stable, predictable liabilities
- (-) **Cost of Insurance:** conservative underwriting of low-risk liabilities
- (-) **Expenses & Other:** benefit from increasing scale as Global Atlantic grows

3

Remaining Disciplined Stewards of Capital

- **Efficiently allocate capital** across businesses where opportunity is greatest
- Maintain strong capital position despite significant capital deployment
- Continue to build third-party capital model to offer investment opportunities to co-investors and to support growth (Ivy platform)

1 Overview of Individual Business

- **Operate in attractive, fastest growing markets⁽¹⁾**
 - ~\$220bn industry annuity sales⁽²⁾
 - 55% fixed annuity sales⁽²⁾
- **Rank as a top carrier in target markets⁽²⁾**
 - Top 5 fixed annuity carrier
 - #1 bank, #5 broker dealer channel
 - #12 independent channel
 - Meaningful share of top distribution partners' sales⁽³⁾
- **Global Atlantic's Competitive Positioning**
 - ~90% of sales through banks and broker dealers
 - Established relationships with 200+ financial institutions with access to ~150K advisors
 - Barriers to entry with more predictable economics
 - National wholesaling organization (150+ people)

KKR

1 Overview of Institutional Business

- **Operate in attractive, large markets**
 - \$3.4tn Life & Annuity general account reserves⁽¹⁾
 - \$100bn+ assets transferred via reinsurance in 2020⁽²⁾
 - \$25bn+ pension liabilities transferred in 2020⁽³⁾
- **Rank as a top block reinsurer in target markets⁽²⁾**
 - Launched new growth businesses to support clients in “flow” reinsurance, pension risk transfer reinsurance (2019) and funding agreements (2021)
- **Global Atlantic’s Competitive Positioning**
 - Demonstrated, specialized execution capabilities
 - Ability to underwrite life and annuity liabilities
 - Established track record across size spectrum
 - Strong reputation for client service
 - 3x increase in clients since 2013 (20+ clients)
 - 40%+ of clients are repeat counterparties
 - Third-party co-investment vehicle, Ivy’s capital supports deals

OUR FINANCIAL MODEL

We Have Been Operating At A High Level

The Financial Model – Earnings Streams

1 Fee Related Revenue

(\$ in millions)

Note: Numbers reflect recast reporting. See Appendix for important information about our recast financial presentation. Our anticipated minimum future Global Atlantic Net Management Fees and other information about Global Atlantic's expected adjusted operating earnings not discussed in this presentation have been estimated using various assumptions, and there is no guarantee that they will be achieved as presented. The anticipated minimum future Net Management Fees is not expected in 2021 given a ramp period. Please see Appendix for important information about these assumptions and forward looking statements.

1 Fee Related Revenue – Growth Drivers

(\$ in millions)

Note: Numbers reflect recast reporting. See Appendix for important information about our recast financial presentation.

KKR

1 Management Fees – Long Term Visibility & Stability

Long Duration of Capital Translates To Management Fee Visibility

■ Perpetual Capital ■ Multi-Decade Strategic Investor Partnerships ■ 8+ Year Duration at Inception ■ Capital Subject to Periodic Redemption

Assets Under Management

44% of AUM
is perpetual capital or multi-decade

86% of AUM
with a duration of at least 8+ years at inception

1 Perpetual Capital Drives Stability and Growth

(AUM, \$ in billions)

■ BDCs

■ Additional Vehicles (Credit, Real Estate, Infrastructure, Energy)

■ Global Atlantic

Perpetual capital now 34% of AUM and 42% of FPAUM

KKR

1 Powerful Management Fee Profile as Businesses Scale...

Annual Management Fees By Strategy

Note: 2018-2020 reflect recast reporting. See Appendix for important information about our recast financial presentation.

KKR

1 ...With An Expected Acceleration

Annual Management Fees By Strategy

Note: 2018-2020 reflect recast reporting. See Appendix for important information about our recast financial presentation. Our expectations about future management fees have been estimated using various assumptions, and there is no guarantee that our expectations will be achieved as presented. Please see Appendix for important information about these assumptions and forward looking statements.

1 A Differentiated Capital Markets Franchise

1 Fee Related Expenses

We Have Two Forms of Expenses Allocated to Fee Revenues

Compensation

20-25%
of
Fee Revenues

Other Operating Expenses

(\$ in millions)

— Margin (% of Fee Revenues)

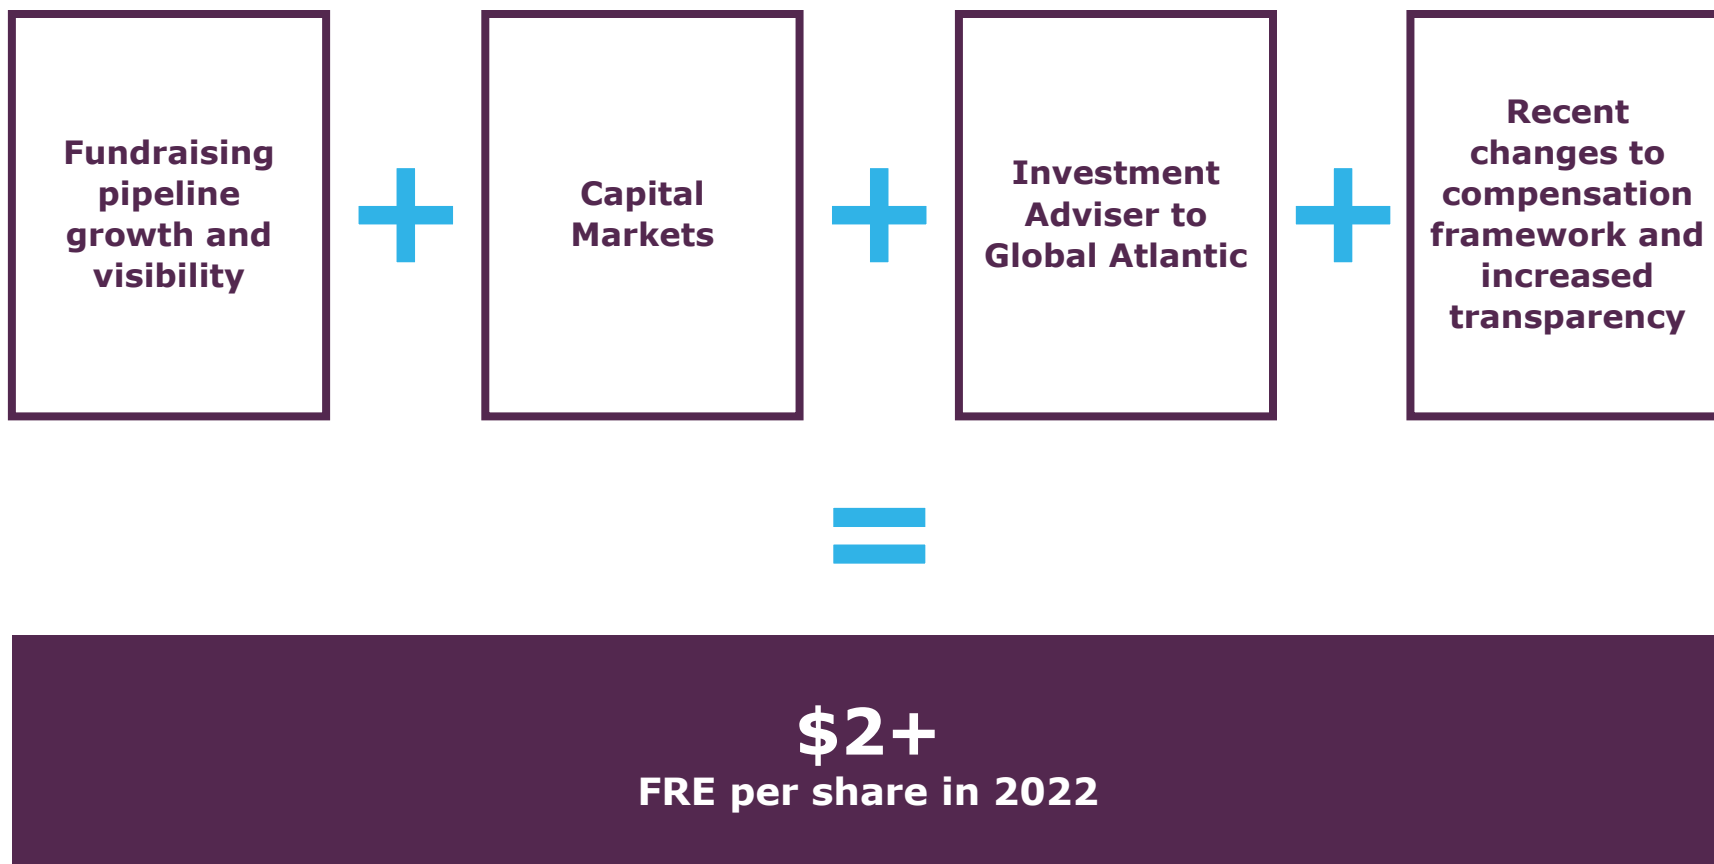

Given expected investments in areas like technology and distribution, we expect a modest increase in near-term Other Operating Expenses

Note: Other Operating Expenses reflects recast reporting. See Appendix for important information about our recast financial presentation.

KKR

1 High Visibility Into Powerful Step-Up in FRE

Note: Per share represents per adjusted share. Our expectations about future Fee Related Earnings has been estimated using various assumptions, and there is no guarantee that our expectations will be achieved as presented. Please see Appendix for important information about these assumptions and forward looking statements.

2 Realized Performance Income

(\$ in millions)

Attributes

- Our share of realized gains from third party capital we manage
- 60-70% compensation margin, exclusively success-based

Carried Interest

- Directly tied to realization activity in funds in position to pay carry

Incentive Fees

- Incentive fees driven by mark-to-market performance

Unrealized Carried Interest

- Embedded, mark-to-market gains generated in 2020 as a result of investment performance

Note: 2018 Realized Performance Income was \$1,303 million. 2018 to 2020 Realized Performance Income reflects recast reporting. See Appendix for important information about our recast financial presentation. Excludes Marshall Wace revenues in this calculation. Marshall Wace revenues are expected to receive a 10-20% compensation load.

2 Realized Performance Income – Growth Drivers

(\$ in millions)

Growth Drivers

- + Managing over 2x more carry eligible AUM than 5 years ago
- + Investment performance of funds
- + Realization activity of funds and strategies
- + Opportunity to realize over \$4 billion of gross accrued unrealized carried interest

Note: 2018 Realized Performance Income was \$1,303 million. 2018 to 2020 realized performance income reflects recast reporting. See Appendix for important information about our recast financial presentation.

KKR

2

Carry Eligible AUM Has Grown, Driving Deployment

(\$ in billions)

Carry Eligible AUM

Note: Does not include incentive fee eligible AUM.

KKR

3 Realized Investment Income

(\$ in millions)

Attributes

- 100% of gains / losses on balance sheet investments
- Directly tied to realization activity (interest, dividends, realized gains)
- 10-20% compensation margin

Net Realized Gains

Interest Income and Dividends

Net Unrealized Gains

- Embedded, mark-to-market gains generated in 2020 as a result of balance sheet investment performance

Note: 2018 Realized Investment Income was \$652 million.

KKR

3 Realized Investment Income – Growth Drivers

(\$ in millions)

Growth Drivers

- + Rotation from a historical compounder of gains → to realizing a greater share of those gains
- + Continued investment performance
- + Retained earnings drive additional deployment opportunities
- + Opportunity to realize over \$4 billion of cumulative embedded gains

Note: 2018 Realized Investment Income was \$652 million.

3

Well-Positioned to Realize Performance and Investment Income

Large Future Carried Interest Potential

(\$ in millions, unless otherwise noted)

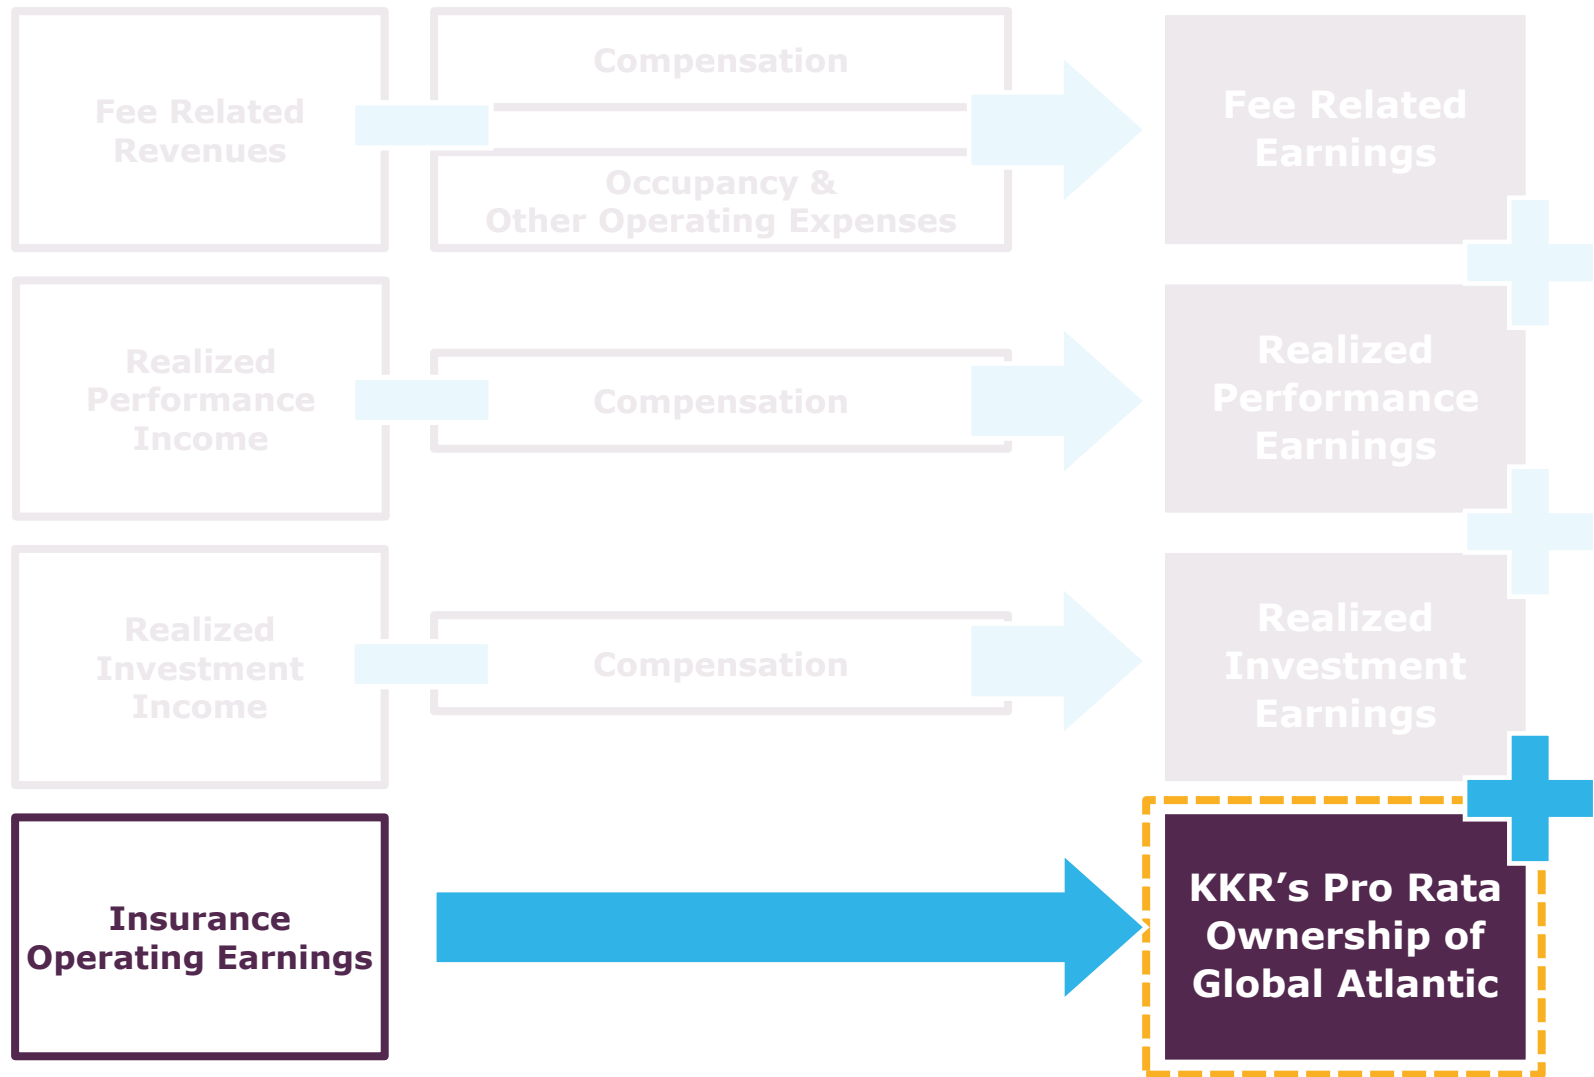

Large Future Investment Income Potential

(\$ in millions, unless otherwise noted)

(1) Balance sheet embedded gains represents unrealized investment income.

4 The Financial Model – Earnings Streams

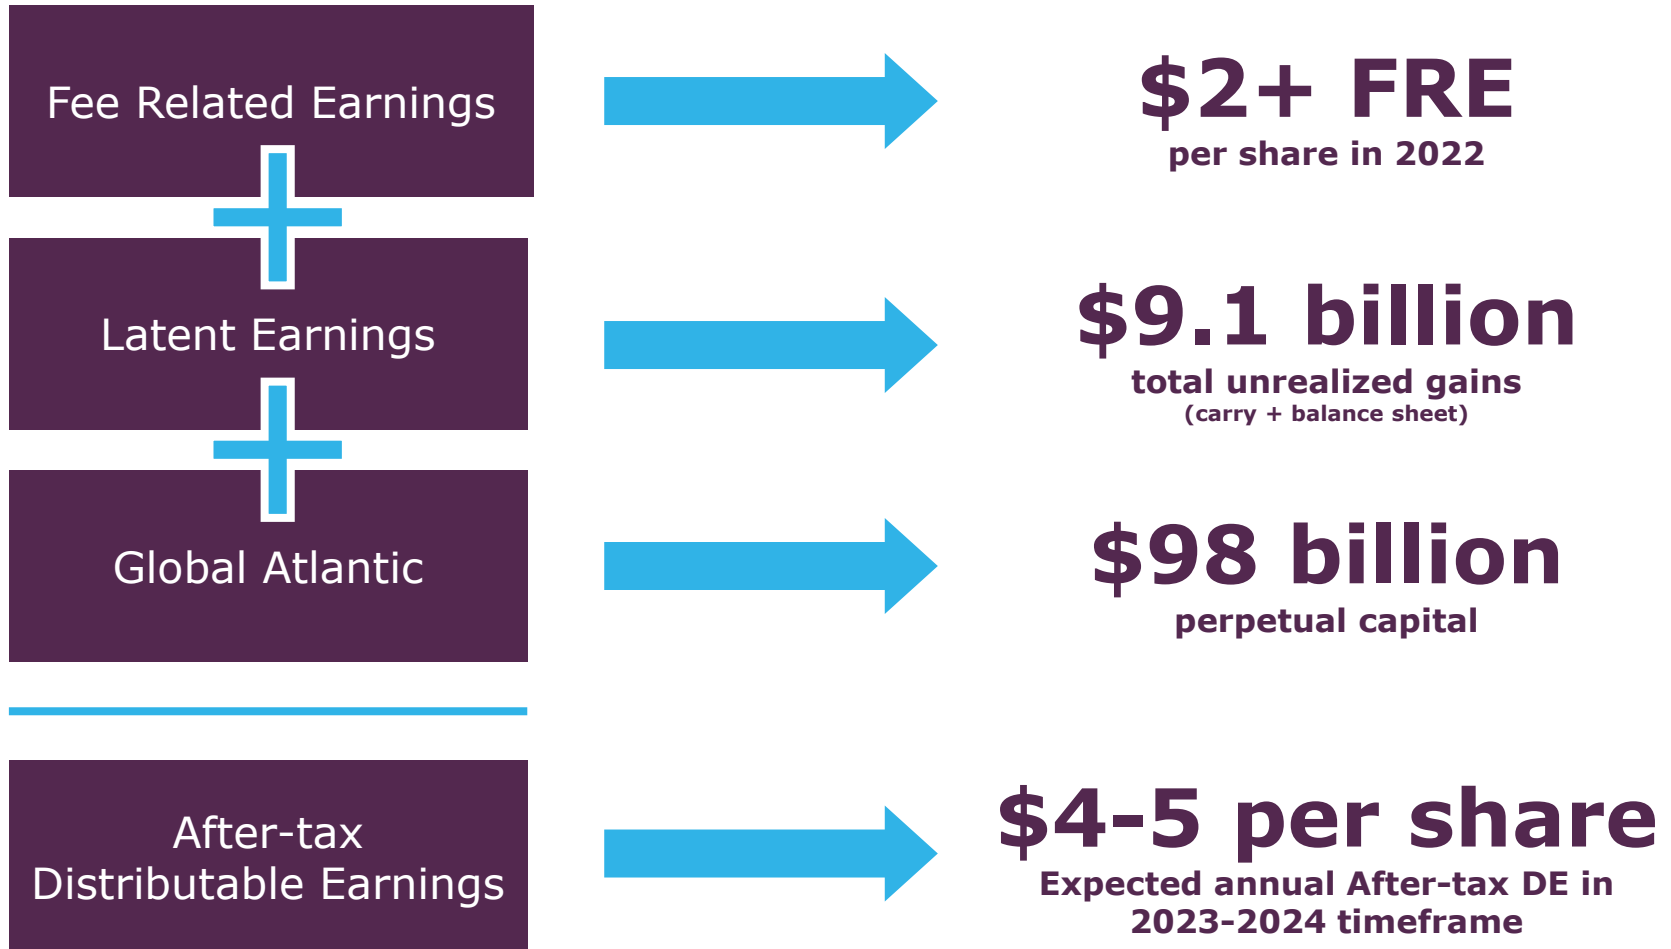

4 Global Atlantic 2020 Segment Adjusted Operating Earnings

(\$ in thousands)	2020
Net Investment Income	\$3,099
Net Cost of Insurance	(2,030)
General, Administrative and Other	(443)
Income (loss) attributable to NCI	(244)
Segment Adjusted Operating Earnings	\$382

Note: Global Atlantic's 2020 Segment Adjusted Operating Earnings are presented in KKR's 2021 insurance segment reporting construct.

We Expect Significant Acceleration of After-tax DE

Note: Per share represents per adjusted share. Our expectations about future Fee Related Earnings and After-tax Distributable Earnings have been estimated using various assumptions, and there is no guarantee that our expectations will be achieved as presented. Please see Appendix for important information about these assumptions and forward looking statements.

KKR

2

OUR BALANCE SHEET

Book Value Per Adjusted Share Growth Has Accelerated

Note: Different colored bars reflect the change in distribution policy following September 30, 2015.

See Appendix for a reconciliation to financial results prepared in accordance with GAAP.

Insurance Segment Line Item Descriptions

Net Investment Income

- Investment income earned on invested assets, net of investment-related expenses, including investment management fees paid to KKR. Net investment income does not include the impact of realized gains and losses from insurance asset / liability matching investment strategies and unrealized investment gains and losses.

Net Cost of Insurance

- Cost of insurance liabilities, including crediting and interest costs incurred on both individual and institutional insurance products.

General, Administrative & Other Expenses

- Operating expenses not considered investment expenses or insurance expenses. Includes corporate expenses, occupancy costs, corporate interest expense, etc.

Income Taxes

- Income tax expense attributable to the Insurance Segment, updated for adjustments made to arrive at operating earnings.

Note: KKR plans to include the amount of Management Fees and Realized Performance Income paid by Global Atlantic to KKR in the Asset Management segment.
The descriptions above may not be identical in the future.

Reconciliation of KKR & Co. Inc. Stockholders' Equity – Series I and II Preferred Stock, Common Stock (GAAP Basis) to Book Value per Adjusted Share

KKR

Important Information

This Appendix contains important information that an investor should carefully review and consider in connection with this presentation. Please also refer to the important information contained in the section entitled “Legal Disclosures” located at the beginning of this presentation, which section is incorporated herein by reference in its entirety.

No Solicitation

This presentation is not and shall not be construed as an offer to purchase or sell, or the solicitation of an offer to purchase or sell, (i) any investment funds, vehicles or accounts sponsored, advised or managed by (or any investment advice from) Kohlberg Kravis Roberts & Co. L.P., KKR Credit Advisors (US) LLC, KKR Credit Advisors (Ireland) or other subsidiary, (ii) any capital markets services by KKR Capital Markets LLC (“KCM”) or any KCM affiliate outside the United States, or (iii) any insurance product offered by, or other insurance-related vehicle sponsored or managed by, Accordia Life and Annuity Company, Commonwealth Annuity and Life Insurance Company, Forethought Life Insurance Company, Global Atlantic Re Limited or any Global Atlantic insurance subsidiary. Each entity referenced herein is responsible for its own financial, contractual and legal obligations.

Global Atlantic

On February 1, 2021, KKR completed its transaction to acquire Global Atlantic Financial Group Limited and currently owns all of the voting interests and 61.1% of the economic equity interests in The Global Atlantic Financial Group and its subsidiaries (collectively, “Global Atlantic” or “GA”). KKR’s ownership of Global Atlantic’s economic equity interests is subject to change due to certain post-closing purchase price adjustments. KKR’s historical financial results included in this presentation, including as of and for the year ended December 31, 2020, do not include Global Atlantic’s financial results and, accordingly, are not expected to be indicative of KKR’s financial results for subsequent periods, which will include Global Atlantic’s financial results. Global Atlantic’s historical financial results included in this presentation, including as of and for the year ended December 31, 2020, may not be indicative of Global Atlantic’s financial results for subsequent periods while under KKR’s ownership and control.

Disclosures in this presentation of KKR’s AUM as of December 31, 2020 are presented on a pro forma basis to include Global Atlantic’s investment assets managed by KKR based on their estimated valuations as of January 31, 2021.

Definitions and Terms

Certain terms used in this presentation, including Fee Related Earnings (or “FRE”), After-tax Distributable Earnings (or “DE”), and Adjusted Shares, have the definitions given to them in the presentation entitled “Update to Non-GAAP Measures,” which is accessible at the Investor Center for KKR & Co. Inc. at <https://ir.kkr.com/events-presentations/> at the hyperlink entitled “Supplemental Prior Period Financial Information - April 2021”.

Other terms used in this presentation (to the extent not defined in the “Update to Non-GAAP Measures” presentation as noted above), including Assets Under Management (“AUM”), Fee paying AUM (“FPAUM”), and Book Value, have the definitions given to them in KKR & Co. Inc.’s Annual Report on Form 10-K for the fiscal year ended December 31, 2020, filed with the SEC on February 19, 2021, which is accessible at the Investor Center for KKR & Co. Inc. at <https://ir.kkr.com/sec-filings-annual-letters/sec-filings/>.

Recast financials refers to the historical information used in this presentation that have been recalculated using the new reporting format that KKR plans to use for its non-GAAP financial results commencing in the first quarter of 2021. For more information about recast financials, please see the presentation entitled “Update to Non-GAAP Measures” noted above. Please note that the non-GAAP financial information reported on a “recast” basis is different from the historical non-GAAP financial results previously presented by KKR. The non-GAAP financial information reported on a “recast” basis is presented for illustrative and informational purposes only.

Important Information (cont'd.)

Investments is a term used solely for purposes of financial presentation of a portion of KKR's balance sheet and includes majority ownership of subsidiaries that operate KKR's asset management and broker-dealer businesses, including the general partner interests of KKR's investment funds, and the Global Atlantic insurance business.

Growth Equity refers to KKR's Next Generation Technology funds, Health Care Strategic Growth funds and the Global Impact fund for purposes of this presentation.

Perpetual Capital (including any references to permanent capital) means capital of indefinite duration, which may be withdrawn under certain conditions.

Non-GAAP Financial Measures

In this presentation, we disclose certain financial measures that are calculated and presented using methodologies other than in accordance with U.S. general accepted accounting measures ("GAAP"), including DE, FRE, Book Value, and Adjusted Shares. We believe that providing these performance measures on a supplemental basis to our GAAP results is helpful to KKR's investors in assessing the overall performance of KKR's businesses. These non-GAAP financial measures should not be considered as a substitute for, or superior to, similar financial measures calculated in accordance with GAAP. KKR's non-GAAP financial measures may differ from the calculations made by other companies, and as a result, may not be exactly comparable to similar measures presented by them.

A reconciliation of forward-looking non-GAAP financial measures included in this presentation to the most directly comparable GAAP financial measures has not been provided as such a reconciliation is not available without unreasonable effort due to the inherent difficulty of forecasting the timing or amount of items that would be included in such a reconciliation. We are unable to assess the probable significance of the unavailable information.

Investment Returns

Past performance is not a guarantee: Information about any fund or strategy and investments made by such fund or strategy, including past performance of such fund, strategy or investment, is provided solely to illustrate KKR's investment experience, and processes and strategies used by KKR in the past with respect to such funds or strategies. The performance information relating to KKR's historical investments is not intended to be indicative of any fund's or strategy's future results or the future results of KKR. Certain funds or strategies are also relatively new and their limited historical results may not be indicative of results they will experience over a longer period of time. There can be no assurance that any KKR entity (including any KKR investment fund, vehicle or account, the KKR balance sheet or Global Atlantic insurance company) will achieve results comparable to any results included in this presentation, or that any investments made by KKR entity now, in the past or in the future will be profitable, or that KKR entities will find investment opportunities similar to any presented in connection with this presentation.

Actual realized value of currently unrealized investments will depend on, among other factors, the value of the investments and market conditions at the time of disposition, related transaction costs, and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the currently unrealized valuations are based. Accordingly, the actual realized values of unrealized investments may differ materially from the values indicated herein.

Calculation of IRR: Unless otherwise indicated, internal rates of return ("IRRs") measure the aggregate annual compounded returns generated by a fund's investments over a holding period. "Net IRRs" are calculated after giving effect to the allocation of realized and unrealized carried interest and the payment of any applicable management fees and organizational expenses. "Gross IRRs" are calculated before giving effect to the allocation of carried interest and the payment of any applicable management fees and organizational expenses.

Calculation of MOIC: Unless otherwise indicated, gross multiples of invested capital ("MOIC") measure the aggregate value generated by a fund's investments in absolute terms. Each MOIC is calculated by adding together the total realized and unrealized values of a fund's investments and dividing by the total amount of capital invested by the fund. Such amounts do not give effect to the allocation of realized and unrealized carried interest or the payment of any applicable management fees or organizational expenses.

Important Information (cont'd.)

Forward Looking Statements

This presentation contains certain forward-looking statements pertaining to KKR (including Global Atlantic), including investment funds, vehicles and accounts managed by KKR and the insurance companies managed by Global Atlantic. You can identify these forward-looking statements by the use of words such as “outlook,” “believe,” “think,” “expect,” “potential,” “continue,” “may,” “should,” “seek,” “approximately,” “predict,” “intend,” “will,” “plan,” “estimate,” “anticipate,” the negative version of these words, other comparable words or other statements that do not relate strictly to historical or factual matters. Forward-looking statements relate to expectations, estimates, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts, including but not limited to the statements with respect to: future expectations related to Fee Related Earnings, After-tax Distributable Earnings, Book Value, management fees from our infrastructure platform and from Global Atlantic, contributions to After-tax Distributable Earnings from Global Atlantic, and contributions to AUM from Global Atlantic; KKR’s ability to grow its AUM, to deploy its capital, to realize currently unrealized investment returns and the time period over which such events may occur; KKR’s ability to manage Global Atlantic’s investments; operation of Global Atlantic following the closing of KKR’s acquisition of Global Atlantic; the Global Atlantic acquisition’s effects on KKR’s operating results; expansion and growth opportunities and other synergies resulting from the Global Atlantic acquisition and other acquisitions, reorganizations or strategic partnerships.

These forward-looking statements are based on KKR’s (including Global Atlantic’s) beliefs, assumptions and expectations, taking into account all information currently available to it. These beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to KKR (including Global Atlantic) or are within its control. If a change occurs, KKR’s business, financial condition, liquidity and results of operations, including but not limited to dividends, tax assets, tax liabilities, AUM, FPAUM, After-tax Distributable Earnings, capital invested, syndicated capital, uncalled commitments, cash and short-term investments, Fee Related Earnings, adjusted EBITDA, core interest expense and book value, debt levels, outstanding shares of common stock and capital structure may vary materially from those expressed in the forward-looking statements.

The following factors, among others, could cause actual results to vary from the forward-looking statements: failure to realize the anticipated benefits within the expected timeframes from the acquisition of Global Atlantic; unforeseen liabilities or integration and other costs of the Global Atlantic acquisition and timing related thereto; changes in Global Atlantic’s business; distraction of KKR’s or Global Atlantic’s management or other diversion of resources within each company caused by the Global Atlantic acquisition; retention of key Global Atlantic employees; Global Atlantic’s ability to maintain business relationships following the acquisition; the severity and duration of the COVID-19 pandemic; the pandemic’s impact on the U.S. and global economies; foreign, federal, state and local governmental responses to the pandemic; whether KKR realizes all or any of the anticipated benefits from converting to a corporation and the timing of realizing such benefits; whether there are increased or unforeseen costs associated with the conversion, including any adverse change in tax law; the volatility of the capital markets; failure to realize the benefits of or changes in KKR’s or Global Atlantic’s business strategies including the ability to realize the anticipated synergies from acquisitions (including the Global Atlantic acquisition), strategic partnerships or other transactions; availability, terms and deployment of capital; availability of qualified personnel and expense of recruiting and retaining such personnel; changes in the asset management or insurance industry, interest rates, credit spreads, currency exchange rates or the general economy; underperformance of KKR’s or Global Atlantic’s investments and decreased ability to raise funds; KKR’s and Global Atlantic’s compliance with laws applicable to their respective businesses; changes to Global Atlantic as a consolidated subsidiary of KKR; ability of KKR to manage Global Atlantic’s investments; KKR’s control of Global Atlantic; changes in Global Atlantic policyholders’ behaviors; any disruption in servicing Global Atlantic’s insurance policies; the use of estimates and risk management in KKR’s or Global Atlantic’s business; outcome of KKR’s or Global Atlantic’s litigation and regulatory matters; and the degree and nature of KKR’s and Global Atlantic’s competition.

These statements are subject to numerous risks, uncertainties and assumptions, including those listed in this Appendix and described under the section entitled “Risk Factors” in KKR & Co. Inc.’s Annual Report on Form 10-K for the year ended December 31, 2020, filed with the SEC on February 19, 2021, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. These factors should not be construed as being exhaustive and should be read in conjunction with the other cautionary statements that are included in this presentation and in KKR’s filings with the SEC. See also the section “Estimates and Assumptions” below.

All forward-looking statements speak only as of the date of this presentation. KKR (including Global Atlantic) does not undertake any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date on which such statements were made except as required by law.

Important Information (cont'd.)

Estimates and Assumptions

Target, goal, hypothetical or estimated results, projections and other comparable phrases and concepts are hypothetical in nature and are shown for illustrative, informational purposes only. Except as otherwise specifically stated, this information is not intended to forecast or predict future events, but rather to show the hypothetical estimates calculated using the specific assumptions presented herein. It does not reflect any actual results, which may differ materially. Certain of the information has been made for illustrative purposes and may not materialize. No representation or warranty is made as to the reasonableness of the assumptions made or that all assumptions used in calculating the target, goal, hypothetical or estimated results have been stated or fully considered. Changes in the assumptions may have a material impact on the target, goal, hypothetical or estimated results presented. Target, goal, hypothetical or estimated results or projections may not materialize.

Without limiting the statements made in the prior paragraph, please take note of the following additional important information.

AUM

The estimates and expectations about new fund capital that KKR can raise in various strategies and formats (including perpetual capital) and KKR's AUM in the future depend on many assumptions about future events and circumstances, including but not limited to the fundraising environment generally, investor interest in the investment strategies presented, the contribution to AUM by Global Atlantic, and the expected pace and the time periods within which fundraising will be completed. There are many factors that could delay, impede or prohibit the future fundraising that KKR currently expects, including not limited to market disruption, loss of key personnel, lack of investor interest, negotiations with investors, and other events or circumstances that we may or may not be able to predict, manage or control (including but not limited to the matters discussed under the section "Forward Looking Statements" above).

Fee Related Earnings

The estimates and expectations about KKR's fees and FRE in the future depend on many assumptions about future events and circumstances, including but not limited to (i) the assumptions about future fundraising and AUM, (ii) the actual terms and conditions of the funds to be raised in the future, including management fee rates paid, and (iii) the investment and transaction activity of KKR entities (including KKR's funds, Global Atlantic and KCM). There are many factors that could delay, impede or prohibit KKR's ability to generate the future fees and FRE that KKR currently expects, including but not limited to market disruption, loss of key personnel, lack of investor or third party interest, negotiations by investors or other third parties, unexpected expenses, and other events or circumstances that we may or may not be able to predict, manage or control (including but not limited to the matters discussed in the section "Forward Looking Statements" above).

After-tax Distributable Earnings

The estimates and expectations about KKR's After-tax Distributable Earnings in the future depend on many assumptions about future events and circumstances, including but not limited to (i) the assumptions about future AUM, fees and FRE, (ii) the timing and amounts generated by the monetization of investments held by KKR entities (including KKR's balance sheet, KKR's funds, and Global Atlantic), (iii) the values of investments that are not monetized and (iv) possible future clawbacks, and netting holes. The value of unrealized investment gains and unrealized carried interest may be volatile and subject to material change, and the actual realized value of currently unrealized investments will depend on, among other factors, the value of the investments and market conditions at the time of disposition, legal and contractual restrictions, transaction costs, and the timing and manner of sale, all of which may differ from the assumptions used for this presentation. Accordingly, the actual realized values of unrealized investments and carried interest may differ materially from the values assumed by KKR for purposes of this presentation. There are many factors that could delay, impede or prohibit KKR's ability to generate the After-tax Distributable Earnings that KKR currently expects, including but not limited to market disruption, loss of key personnel, lack of investor or third party interest, negotiations by investors or other third parties, unexpected expenses, and other events or circumstances that we may or may not be able to predict, manage or control (including but not limited to the matters discussed in the section "Forward Looking Statements" above).

Important Information (cont'd.)

Fees and Other Earnings from Global Atlantic

The estimates and expectations about the fees earned by KKR from managing Global Atlantic's investments and earnings received by KKR from its ownership of Global Atlantic in the future depend on many assumptions about future events and circumstances, including but not limited to the investment activities of Global Atlantic's insurance subsidiaries, the valuation of their investment assets, and the future business and operations of Global Atlantic as a majority owned subsidiary of KKR. There are many factors that could delay, impede or prohibit KKR's ability to realize the fees and earnings from Global Atlantic that KKR currently expects, including but not limited to market disruption, loss of key personnel, and other events or circumstances that we may or may not be able to predict, manage or control (including but not limited to the matters discussed in the section "Forward Looking Statements" above).

Business Growth

All statements relating to the potential for future business growth are inherently uncertain and are based on current market conditions, which can change at any time, and various assumptions about the ability to capitalize on growth opportunities and future business performance. No inference should be made that KKR (including Global Atlantic) can or will grow any of its businesses materially or sufficiently to meet or approach the size of any market or sector leader disclosed in this presentation. See the section "Forward Looking Statements" above as well as the cautionary factors and other important information about KKR's businesses discussed in KKR & Co. Inc.'s Annual Report on Form 10-K for the fiscal year ended December 31, 2020, filed with the SEC on February 19, 2021.
