3. Prepare an Audit Committee report that the U.S. Securities and Exchange Commission (the “SEC”) requires to be included in the Company’s proxy statement or information statement, if applicable.

II. STRUCTURE AND OPERATIONS

Independence Requirements

The Committee shall be comprised of three or more members of the Board of Directors, each of whom is determined by the Board of Directors to be “independent” under the rules of the New York Stock Exchange, Inc. (the “NYSE”) and Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Financial Literacy & Expertise Requirement

All members of the Committee must be financially literate, as such qualification is interpreted by the Board of Directors in its business judgment, or must become financially literate within a reasonable period of time after the member’s appointment to the Committee. At least one member of the Committee must have “accounting or related financial management expertise” in accordance with the rules of the NYSE. At least one member of the Committee

must be an “audit committee financial expert” as defined by the SEC and may be the same person as that with “accounting or related financial management expertise.”

Limitation on Memberships of Other Audit Committees

No member of the Committee may serve on the Audit Committee of more than three public companies, including the Company, unless the Board of Directors determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and the Company’s annual report on Form 10-K discloses such determination.

Appointment and Removal

Each member of the Committee shall be appointed by the Board of Directors and shall serve until such member’s successor is duly elected and qualified or until such member’s earlier resignation or removal. The members of the Committee may be removed, with or without cause, by a majority vote of the Board of Directors.

Chairperson

Unless a Chairperson is elected by the full Board of Directors, the members of the Committee may designate a Chairperson by the majority vote of the full Committee membership. The Chairperson will chair all regular sessions of the Committee and set the agendas for Committee meetings.

Subcommittees

The Committee may form subcommittees for any purpose that the Committee deems appropriate and may delegate to such subcommittees such power and authority as the Committee deems appropriate.

III. MEETINGS

The Committee shall endeavor to meet at least quarterly, or more frequently as circumstances dictate. As part of its goal to foster open communication, the Committee shall periodically meet separately with each of the following:

1. The Chief Financial Officer, Chief Legal Officer, and such other officers and senior employees of the Company with whom it is necessary or appropriate for the Committee to communicate in connection with the Committee’s purpose outlined in Section I of this Charter (collectively, “Management”);
2. the person or persons responsible for the internal audit function for the Company (the “Internal Audit Group”); and
3. the independent auditors of the Company;

in each case, to discuss any matters that the Committee or any of these groups believe would be appropriate to discuss privately. In addition, the Committee should meet with the independent

auditors and Management periodically to review the Company's financial statements in a manner consistent with that outlined in Section IV of this Charter.

At all meetings of the Committee, a majority of the members shall constitute a quorum for the transaction of business and the act of a majority of Committee members at any meeting at which there is a quorum shall be an act of the Committee. The Chairperson or any member of the Committee may call meetings of the Committee. All meetings of the Committee may be held telephonically or by videoconference. In addition, the Committee may invite to its meetings, or communicate with, any director, officer or employee of the Company and such other persons as it deems appropriate in order to carry out its responsibilities. The Committee may also exclude from its meetings any persons it deems appropriate in order to carry out its responsibilities.

IV. RESPONSIBILITIES

Overview

The following functions shall be the common recurring activities of the Committee in carrying out its responsibilities outlined in Section I of this Charter. These functions should serve as a guide with the understanding that the Committee may carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal or other conditions. These functions are the sole responsibility of the Committee and, except as determined by the Board of Directors, may not be allocated to a different Committee, other than a sub-committee of the Committee. The Committee shall also carry out any other responsibilities delegated to it by the Board of Directors from time to time related to the purposes of the Committee outlined in Section I of this Charter.

Review of Financial and Other Information

1. Review and discuss with Management and the independent auditors prior to public dissemination the Company's annual audited financial statements and quarterly financial statements, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," any comments or recommendations of the independent auditor and any reports of the independent auditor including (i) its annual audit report and attestation report and (ii) any report relating to its interim financial reviews as required by applicable auditing standards.
2. Discuss with the independent auditors the matters required to be discussed by applicable auditing standards.
3. Review and discuss with Management: (i) the Company's earnings press releases and (ii) financial information and earnings guidance, if any, provided to analysts and rating agencies. The Committee's discussion in this regard may be general in nature (i.e., discussion of the types of information to be disclosed and the type of presentation to be made) and need not take place in advance of each earnings press release or each instance in which the Company may provide financial information or earnings guidance to analysts and rating agencies.

4. Perform any functions required to be performed by it or otherwise appropriate under applicable law, rules or regulations, and the resolutions or other directives of the Board of Directors, including review of any certification required to be reviewed in accordance with applicable law or regulations of the SEC by the Committee.
5. Review and discuss with Management and the independent auditors the Company's disclosure controls and procedures and internal control over financial reporting, including the internal control report prepared by Management. The review and discussion of internal control over financial reporting shall include any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to affect the Company's ability to record, process, summarize and report financial information, any fraud involving Management or other employees with a significant role in internal control over financial reporting, any actions taken in light of material control deficiencies and the adequacy of disclosures about changes in internal control over financial reporting.

Independent Auditors

6. Be directly responsible for the appointment, compensation, retention, oversight and termination of any independent auditors engaged (including the resolution of disagreements between Management and the auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company.
7. Inform each independent auditor engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company that such auditor must report directly to the Committee.
8. Review, at least annually, the qualifications, performance and independence of the independent auditors and present its conclusions with respect to the independent auditors to the full Board of Directors. In conducting its review and evaluation, the Committee should:
 - (i) obtain and review a report by the Company's independent auditors describing:
 - (a) the auditing firm's internal quality-control procedures;
 - (b) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any review, inquiry or investigation by the Public Company Accounting Oversight Board or other governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues; and

- (c) all relationships between the independent auditors and the Company in order to assess the auditors' objectivity or independence;
- (ii) review and evaluate the lead audit partner of the independent audit team;
- (iii) confirm and evaluate the rotation of the audit partners on the audit engagement team as required by law;
- (iv) confirm with the independent auditor that the audit partners do not earn or receive any compensation based on selling engagements to the Company to provide any services to the extent such compensation would compromise the independence of accountants or auditors under the rules promulgated by the SEC; and
- (v) take into account the opinions of Management and the Internal Audit Group.

Pre-Approval of Auditor Engagements

9. Approve in advance any audit or non-audit engagement or relationship between the Company and the independent auditors, other than "prohibited non-auditing services," as determined from time to time by the SEC, the Public Company Accounting Oversight Board or the NYSE through regulation or listing requirements.

The Committee may:

- (i) pre-approve audit and non-audit services based on policies and procedures adopted by the Committee, provided: (a) the policies and procedures are detailed as to the particular service, (b) the Committee is informed of each service on a timely basis, (c) such policies and procedures do not include delegation of the Committee's responsibilities to Management and (d) such policies and procedures are disclosed in the Company's annual reports; and/or
- (ii) delegate to the Chairperson the authority to approve in advance all audit or non-audit services to be provided by the independent auditors so long as decisions made by the Chairperson are presented to the full Committee at the immediately subsequent scheduled meeting.

Notwithstanding the foregoing, pre-approval is not necessary for minor non-audit services if:

- (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its auditors during the fiscal year in which the non-audit services are provided;

- (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and
- (iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee.

Financial Reporting Process

10. In consultation with the independent auditors, Management and the Internal Audit Group, review the integrity of the Company's financial reporting processes, both internal and external. In that connection, the Committee shall obtain and discuss with Management and the independent auditors reports from Management and the independent auditors regarding:
 - (i) applicable critical accounting policies, estimates and practices to be used by the Company, as well as any critical audit matters;
 - (ii) analyses prepared by Management and/or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including alternative treatments of financial information within generally accepted accounting principles related to material items that have been discussed with Management, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the independent auditors;
 - (iii) major issues regarding accounting principles and financial statement presentations, including significant changes in the Company's selection or application of accounting principles;
 - (iv) major issues as to the adequacy of the Company's internal controls and specific audit steps adopted in light of any material control deficiencies; and
 - (v) other material written communications between the independent auditors and Management.
11. Review the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.
12. Review with the independent auditors audit problems or other difficulties encountered by the auditors in the course of the audit work, including any restrictions on the scope of the independent auditors' activities or on access to requested information, and significant disagreements with Management and

Management's responses to such matters. Without excluding other possibilities, the Committee is authorized to review with the independent auditors:

- (i) accounting adjustments that were noted or proposed by the auditor but were "passed" (as immaterial or otherwise);
 - (ii) communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement; and
 - (iii) material written communications between the independent auditors and Management, such as any schedule of unadjusted differences or any "management" or "internal control" letter issued, or proposed to be issued, by the independent auditors to the Company.
13. To the extent applicable, review and discuss with Management and the independent auditors the policies and procedures in place to ensure the quality and integrity of the financial statements of the Company's unconsolidated subsidiaries and investments that are accounted for under the equity method of accounting are properly reflected and accounted for in the Company's financial statements.
 14. Discuss with Management and the independent auditors correspondence with regulators or governmental agencies and published reports which raise material issues regarding the Company's financial statements or accounting policies.
 15. Review and discuss with Management matters that may have a material impact on either the Company's financial statements or the Company's processes and policies that are designed to ensure compliance with applicable laws and regulations.
 16. Obtain from the independent auditors assurance that Section 10A(b) of the Exchange Act has not been implicated.
 17. To the extent the Board of Directors designates the Committee with responsibility for administration of the Company's incentive compensation clawback policy, administer such policy in accordance with its terms.

19. Review the significant reports, findings and recommendations to Management prepared by the Internal Audit Group.
20. At least annually, evaluate the performance, responsibilities, budget and staffing of the Internal Audit Group and review the internal audit plan. Such evaluation shall include a review of the responsibilities, budget and staffing of the Internal Audit Group with the independent auditor.

General

21. Set clear hiring policies for employees and former employees of the independent auditors. At a minimum, these policies must prohibit:
 - (i) the hiring of members of the audit engagement team of the Company's independent auditors in a position at the Company which would cause the auditing firm to no longer qualify as independent under the rules promulgated by the SEC; and
 - (ii) the hiring of any employee or former employee of the Company's independent auditor without the prior approval of the Committee or its Chairperson.
22. Review and discuss the Company's guidelines and policies that govern its risk assessment and risk management processes, which the Committee will review and discuss in a general manner at least annually at a meeting that may include one or more members of the Risk Committee. The Committee should discuss the Company's major financial risk exposures and the steps Management has taken to monitor and address such exposures, but the Risk Committee of the Board of Directors will have primary responsibility for oversight over the Company's levels of risk and specific risks that are assessed and managed by Management.
23. Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters and for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting, internal accounting controls, or auditing matters. Neither the Board of Directors nor the Committee, any other committee of the Board of Directors, Management or any other person or group shall retaliate, or tolerate any retaliation by the Board of Directors, the Committee, any other committee of the Board of Directors, Management or any other person or group, directly or indirectly, against anyone who, in good faith, reports such a concern or provides assistance to the Committee, Management or any other person or group, including any governmental, regulatory or law enforcement body, investigating such a concern.

Company's independent auditors or the performance of the Internal Audit Group;

- (ii) with respect to such other matters as are relevant to the Committee's discharge of its responsibilities; and
- (iii) with respect to such recommendations as the Committee may deem appropriate.

The report to the Board of Directors may be written or take the form of an oral report by the Chairperson or any other member of the Committee designated by the Committee to make such report.

- 26. Maintain minutes or other records of meetings and activities of the Committee.

The Committee, in discharging its oversight role, is empowered to study or investigate any matter of interest or concern that the Committee deems appropriate. In this regard, the Committee shall have the authority to engage independent counsel and other advisors, as it determines necessary to carry out its duties. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to the independent auditors engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company and any advisors that the Committee chooses to engage, as well as funding for the payment of ordinary administrative expenses of the Committee that are necessary or appropriate in carrying on its duties.

In addition, the Committee shall review and reassess, at least annually, the adequacy of this Charter and recommend to the Board of Directors any

improvements to this Charter that the Committee considers necessary or valuable. The Committee shall conduct such evaluations and reviews in such manner as it deems appropriate.

VI. LIMITATION OF RESPONSIBILITY

The independent auditors are responsible for planning and carrying out a proper audit and reviews, including reviews of the Company's annual financial statements prior to the filing of each annual report on Form 10-K, reviews of the quarterly financial statements prior to the filing of each quarterly report on Form 10-Q, and other procedures.

In fulfilling their responsibilities hereunder, it is recognized that the members of the Committee are not employees of the Company and are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting or auditing, including in respect of auditor independence. Therefore, it is not the duty or responsibility of the Committee (i) to conduct "field work" or other types of auditing or accounting reviews or procedures, (ii) to set audit or independence standards, or (iii) to make any determination that the Company's financial statements and disclosures are complete and accurate, are in accordance with generally accepted accounting principles, or are in compliance with applicable laws, rules and regulations. The Committee's members shall be fully protected in relying upon the records of the Company and upon such information, opinions, reports or statements presented to the Committee by any of the Company's officers or employees, or directors or committees of the Board of Directors, or by any other person selected by or on behalf of the Company, in each case to the fullest extent permitted by law. Without any limitation to the foregoing, each member of the Committee shall be entitled to rely on:
