## About KKR

KKR is a leading global investment firm that offers alternative asset management as well as capital markets and insurance solutions. KKR aims to generate attractive investment returns by following a patient and disciplined investment approach, employing world-class people, and supporting growth in its portfolio companies and communities. KKR sponsors investment funds that invest in private equity, credit and real assets and has strategic partners that manage hedge funds. KKR's insurance subsidiaries offer retirement, life and reinsurance products under the management of The Global Atlantic Financial Group. References to KKR's investments may include the activities of its sponsored funds and insurance subsidiaries. For additional information about KKR & Co. Inc. (NYSE: KKR), please visit KKR's website at [www.kkr.com](http://www.kkr.com). For additional information about Global Atlantic Financial Group, please visit Global Atlantic Financial Group's website at [www.globalatlantic.com](http://www.globalatlantic.com).

*Our business momentum continues. The fourth quarter had record Fee Related Earnings and was our most active fundraising and deployment quarter of 2023. In addition, in early January, we closed on the acquisition of the remaining stake of Global Atlantic, increasing our ownership to 100%. With three avenues for long-term sustained growth – Asset Management, Insurance and Strategic Holdings – we are well positioned for the years ahead.*

# Segment Detail

The background of the slide features a light gray surface with two prominent, stylized white wave-like patterns. One wave is positioned in the upper right quadrant, and a larger, more complex wave structure occupies the lower right and bottom center. These waves are composed of multiple parallel, slightly curved lines that create a sense of depth and movement.

# Insurance Segment

- **Net Investment Income:** Net Investment Income of \$1,466 million in the quarter reflects higher yields, growth in the investment portfolio attributable to strong net flows and variable investment income from a realized gain on the sale of a solar developer
- **Net Cost of Insurance:** Net Cost of Insurance totaled \$901 million in the quarter, driven primarily by new business growth and the associated higher funding costs, as well the routine run off of older business that was lower cost
- **Highlights:**
  - Global Atlantic AUM totals \$161 billion, of which \$125 billion is Credit AUM
  - The MetLife block reinsurance transaction closed in the quarter. The pending Manulife block reinsurance transaction is expected to close in the first half of 2024, adding an estimated \$10 billion to AUM

- Core Private Equity is a long duration investment strategy with a more modest risk return profile compared to traditional PE; we are seeking mid-to-high teens gross IRRs in businesses that we believe can grow and compound value for more than a decade
- Core Private Equity AUM totals \$35 billion
- KKR receives management fees on third party invested capital, with an opportunity to earn annual performance income as well as capital markets fees

## Core Private Equity on the Balance Sheet

- The chart to the left shows the Fair Value of KKR's Core Private Equity balance sheet investments since 2018
- The \$6.7 billion of fair value compares to \$2.9 billion of cost for a 2.3x MOIC
  - Since inception, KKR's balance sheet Core Private Equity investments have generated a 19% Gross IRR
  - In the quarter and for the year, the Core Private Equity balance sheet portfolio was +2% and +9%, respectively
- Global portfolio across multiple industries

Note: Past performance is no guarantee of future results. See Appendix for endnotes about the calculation of gross internal rates of return ("IRR"), multiple of invested capital ("MOIC"), and other important information. See Appendix for important endnotes.

# Dividends & Other Corporate Information

## **Dividends**

The declaration and payment of any future dividends on common stock will be subject to the discretion of the board of directors of KKR & Co. # Important Information – Endnotes

## Note to All Pages

- All figures in this presentation are as of December 31, 2023, unless otherwise specifically indicated.

## Notes to Page 2 – Fourth Quarter 2023 Highlights

- Net Cash and Total Investments is calculated as Cash and Short-term Investments, less Debt Obligations – KKR and KFN, plus Investments and Global Atlantic Book Value. Please see the endnote for page 15 for information about the term "investments."

## Notes to Page 3 – Fourth Quarter 2023 Segment Earnings

- The amount of tax benefit from equity-based compensation for 4Q'23 and 4Q'22 was \$14.9 million and \$19.4 million, respectively, and for FY'23 and FY'22 was \$51.3 million and \$65.4 million, respectively. Its inclusion in After-tax Distributable Earnings had the effect of increasing this metric for 4Q'23 and 4Q'22 both by 2%, and for FY'23 and FY'22 both by 2%.

## Notes to Page 5 – Assets Under Management

- Perpetual capital refers to a component of AUM that has an indefinite term and for which there is no predetermined requirement to return invested capital to investors upon the realization of investments. Perpetual capital includes the AUM of our registered funds, certain unregistered funds, listed companies, and insurance companies, and it excludes our traditional private equity funds, similarly structured investment funds, and hedge fund partnerships. Investors should not view this component of our AUM as being permanent without exception, because it can be subject to material reductions and even termination. Perpetual capital is subject to material reductions from changes in valuation and withdrawals by or payments to investors, clients and policyholders (including through elections by investors to redeem their fund investments, periodic dividends, and payment obligations under insurance policies and reinsurance agreements) as well as termination by a client of, or failure to renew, its investment management agreement with KKR.

## Notes to Page 6 – Additional Capital Detail

- KKR's portion of Uncalled Commitments to its investment funds includes \$4.8 billion, \$1.9 billion and \$1.0 billion to its Private Equity, Real Assets and Credit and Liquid Strategies business lines, respectively.

## Notes to Page 7 – Fund Investment Performance

- Traditional Private Equity Portfolio refers to the portfolio of investments held by all KKR's private equity flagship funds. This portfolio does not include investments from KKR's growth equity funds or core investments.
- Opportunistic Real Estate Portfolio refers to the portfolio of investments held by KKR's flagship opportunistic real estate equity funds. This portfolio does not include investments from KKR's core plus real estate funds or real estate credit funds.

- Infrastructure Portfolio refers to the portfolio of investments held by KKR's flagship core plus infrastructure equity funds. This portfolio does not include investments from KKR's core infrastructure fund, KKR Diversified Core Infrastructure.
- The Leveraged Credit Composite refers to the composite of certain investment portfolios made in KKR's collateralized loan obligations and U.S. and European leveraged credit strategies including leveraged loans, high-yield bonds and opportunistic credit.
- The Alternative Credit Composite refers to the composite of certain investment portfolios made in KKR's private credit strategy, including direct lending (including our business development company), asset-based finance and junior capital, and in the Strategic Investments Group ("SIG") strategy. Funds and separately managed accounts in liquidation or discontinued strategies are excluded.
- For a list of our carry paying funds, see the Investment Vehicle Summary on pages 21 to 23. See also "Important Information – Other Legal Disclosures" regarding past performance and investment returns.

## Notes to Page 13 – Insurance Segment

- Net investment income represents income earned on invested assets, net of investment-related expenses, including investment management fees paid to KKR.
- Net cost of insurance represents the net cost of funding institutional and individual products – interest credited or incurred, benefits incurred, the associated insurance expenses, net of any premiums, fees and other income earned.
- The pending Manulife block reinsurance transaction is expected to close in the first half of 2024, subject to closing conditions, including regulatory approvals.
- Estimated or approximate assets with respect to signed block reinsurance transactions may not equal assets transferred at closing. Actual assets may fluctuate depending on many factors, including terms of the transaction, change in status of the policies and market fluctuations.

## Notes to Page 14 – Book Value

- Assuming that we had paid (i) 65% of the unrealized carried interest earned by the funds that allocate 40% and 43% to the carry pool and (ii) 15% of the unrealized gains in our Principal Activities business line (in each case at the mid-point of the range), our book value as of December 31, 2023 would have been reduced by approximately \$1.88 per adjusted share, compared to our reported book value of \$30.95 per adjusted share on such date.
- Please see the endnote for page 15 for information about the term "investments."

# Important Information – Endnotes (cont'd)

## Notes to Page 15 – Investments Detail

- Investments is a term used solely for purposes of financial presentation of a portion of KKR's balance sheet and includes majority ownership of subsidiaries that operate KKR's asset management, broker-dealer and other businesses, including the general partner interests of KKR's investment funds, controlling interests in core private equity companies, and the Global Atlantic insurance companies. KKR's asset management business includes a core private equity investment strategy, which involves acquiring and managing controlling interests in operating companies intended to be held over a long period of time.
- Private Equity includes KKR private equity funds, co-investments alongside such KKR sponsored private equity funds, and other opportunistic investments. Equity investments in other asset classes, such as core, growth, energy, real estate, infrastructure, leveraged credit and alternative credit appear in these other asset classes.
- Top 5 Investments include the top five investments based on their fair values as of December 31, 2023. Top 5 Investments exclude (i) investments expected to be syndicated, (ii) investments expected to be transferred in connection with a new fundraising, (iii) investments in funds and other entities that are owned by one or more third parties and established for the purpose of making investments, and (iv) the portion of any investment that may be held through collateralized loan obligations or levered multi-asset investment vehicles, if any. Accordingly, this list of Top 5 Investments should not be relied upon as a substitute for the "Investment Holdings by Asset Class" pie chart on page 15 for information about the asset class exposure of KKR's balance sheet. The investments in this list do not deduct fund or vehicle level debt, if any, incurred in connection with funding the investment. The fair value figures include the co-investment and the limited partner and/or general partner interests held by KKR in the underlying investment, if applicable.

## Notes to Page 17 – Duration of Capital

- Please see endnote for page 5 for information about the term "perpetual capital."
- "Other" in the chart primarily includes hedge fund partnerships and certain leveraged credit funds.

## Notes to Page 18 – Assets Under Management Rollforward

- For the three months ended December 31, 2023, Distributions and Other includes \$71 million of redemptions by fund investors in Real Assets and \$2,971 million of redemptions by fund investors in Credit and Liquid Strategies.
- For the year ended December 31, 2023, Distributions and Other includes \$311 million of redemptions by fund investors in Real Assets and \$8,036 million of redemptions by fund investors in Credit and Liquid Strategies.

## Notes to Page 19 – Fee Paying Assets Under Management Rollforward

- For the three months ended December 31, 2023, Distributions and Other includes net changes in fee base of certain Real Assets funds of \$430 million, \$71 million of redemptions by fund investors in Real Assets and \$2,971 million of redemptions by fund investors in Credit and Liquid Strategies.
- For the year ended December 31, 2023, Distributions and Other includes net changes in fee base of certain Real Assets funds of \$805 million, \$311 million of redemptions by fund investors in Real Assets, and \$8,036 million of redemptions by fund investors in Credit and Liquid Strategies.

## Notes to Pages 21 to 23 – Investment Vehicle Summary

- The start date represents the start of the fund's investment period as defined in the fund's governing documents and may or may not be the same as the date upon which management fees begin to accrue.
- The end date represents the end of the fund's investment period as defined in the fund's governing documents and is generally not the date upon which management fees cease to accrue. For funds that initially charge management fees on the basis of committed capital, the end date is generally the date on or after which the management fees begin to be calculated instead on the basis of invested capital and may, for certain funds, begin to be calculated using a lower rate.
- This table includes investment vehicles which are not investment funds. The terms investments and investment vehicles are terms used solely for purposes of financial presentation.

## Notes to Page 25 – Investments Detail - Core Private Equity

- Unless otherwise indicated, gross multiple of invested capital ("MOIC") measure the aggregate value generated by a fund's investments in absolute terms. Each MOIC is calculated by adding together the total realized and unrealized values of a fund's investments and dividing by the total amount of capital invested by the fund. Such amounts do not give effect to the allocation of realized and unrealized carried interest or the payment of any applicable management fees or organizational expenses.
- Unless otherwise indicated, internal rates of returns ("IRRs") measure the aggregate annual compounded returns generated by a fund's investments over a holding period, including, in many cases, where an investment has not yet been exited and the holding period end date is not yet known. As a result, an investment's future final IRR calculated after the exact holding period is known may differ, perhaps materially, from the IRR that is shown before the investments is exited. "Gross IRRs" are calculated before giving effect to the allocation of carried interest and the payment of any applicable management fees and organizational expenses.

# Important Information – Non-GAAP and Other Measures

## Non-GAAP and Segment Measures

The key non-GAAP and other operating and performance measures that follow are used by management in making operational and resource deployment decisions as well as assessing the performance of KKR's business. They include certain financial measures that are calculated and presented using methodologies other than in accordance with U.S. generally accepted accounting principles ("GAAP"). These non-GAAP measures, including after-tax distributable earnings ("DE"), distributable operating earnings, fee related earnings ("FRE"), total asset management segment revenues and book value, are presented prior to giving effect to the allocation of income (loss) among KKR & Co. Inc. and holders of certain securities exchangeable into shares of common stock of KKR & Co. Inc. and as such represent the entire KKR business in total. In addition, these non-GAAP measures are presented without giving effect to the consolidation of the investment funds and collateralized financing entities ("CFEs") that KKR manages.

We believe that providing these non-GAAP measures on a supplemental basis to our GAAP results is helpful to stockholders in assessing the overall performance of KKR's business. These non-GAAP measures should not be considered as a substitute for financial measures calculated in accordance with GAAP. Reconciliations of these non-GAAP measures to the most directly comparable financial measures calculated and presented in accordance with GAAP, where applicable, are included under the "Reconciliation of GAAP to Non-GAAP Measures" section of this Appendix.

We also caution readers that these non-GAAP financial measures may differ from the calculations made by other investment managers, and as a result, may not be directly comparable to similarly titled financial measures presented by other investment managers.

- **After-tax Distributable Earnings** is a non-GAAP performance measure of KKR's earnings, which is derived from KKR's reported segment results. After-tax distributable earnings is used to assess the performance of KKR's business operations and measures the earnings potentially available for distribution to its equity holders or reinvestment into its business. After-tax distributable earnings is equal to Distributable Operating Earnings less Interest Expense, Net Income Attributable to Noncontrolling Interests and Income Taxes on Operating Earnings. Series C Mandatory Convertible Preferred Stock dividends have been excluded from After-tax Distributable Earnings (for the periods when this preferred stock was still outstanding), because the definition of Adjusted Shares used to calculate After-tax Distributable Earnings per Adjusted Share assumes that all shares of Series C Mandatory Convertible Preferred Stock have been converted to shares of common stock of KKR & Co. Inc. Income Taxes on Operating Earnings represents the (i) amount of income taxes that would be paid assuming that all pre-tax Asset Management distributable earnings were allocated to KKR & Co. Inc. and taxed at the same effective rate, which assumes that all securities exchangeable into shares of common stock of KKR & Co. Inc. were exchanged and (ii) the amount of income taxes on Insurance Segment Operating Earnings.

Income taxes on Insurance Segment Operating Earnings represent the total current and deferred tax expense or benefit on income before taxes adjusted to eliminate the impact of the tax expense or benefit associated with the non-operating adjustments. Income Taxes on Operating Earnings includes the benefit of tax deductions arising from equity-based compensation, which reduces operating income taxes during the period. Equity based compensation expense is excluded from After-tax Distributable Earnings, because (i) KKR believes that the cost of equity awards granted to employees does not contribute to the earnings potentially available for distributions to its equity holders or reinvestment into its business and (ii) excluding this expense makes KKR's reporting metric more comparable to the corresponding metric presented by other publicly traded companies in KKR's industry, which KKR believes enhances an investor's ability to compare KKR's performance to these other companies. If tax deductions from equity-based compensation were to be excluded from Income Taxes on Operating Earnings, KKR's After-tax Distributable Earnings would be lower and KKR's effective tax rate would appear to be higher, even though a lower amount of income taxes would have actually been paid or payable during the period. KKR separately discloses the amount of tax deduction from equity-based compensation for the period presented and the effect of its inclusion in After-tax Distributable Earnings for the period. KKR makes these adjustments when calculating After-tax Distributable Earnings in order to more accurately reflect the net realized earnings that are expected to be or become available for distribution to KKR's equity holders or reinvestment into KKR's business. However, After-tax Distributable Earnings does not represent and is not used to calculate actual dividends under KKR's dividend policy, which is a fixed amount per period, and After-tax Distributable Earnings should not be viewed as a measure of KKR's liquidity.

- **Book Value** is a non-GAAP performance measure of the net assets of KKR and is used by management primarily in assessing the unrealized value of KKR's net assets presented on a basis that (i) excludes the net assets that are allocated to investors in KKR's investment funds and other noncontrolling interest holders, (ii) includes the net assets that are attributable to certain securities exchangeable into shares of common stock of KKR & Co. Inc., and (iii) includes KKR's ownership of the net assets of Global Atlantic. We believe this measure is useful to stockholders as it provides additional insight into the net assets of KKR excluding those net assets that are allocated to investors in KKR's investment funds and other noncontrolling interest holders. KKR's book value includes the net impact of KKR's tax assets and liabilities as calculated under GAAP. Series C Mandatory Convertible Preferred Stock has been included in book value, because the definition of adjusted shares used to calculate book value per adjusted share assumes that all shares of Series C Mandatory Convertible Preferred Stock, had, prior to its redemption, been converted to shares of common stock of KKR & Co. Inc. To calculate Global Atlantic book value and to make it more comparable with the corresponding metric presented by other publicly traded companies in Global Atlantic's industry, Global Atlantic book value excludes (i) accumulated other comprehensive income and (ii) accumulated change in fair value of reinsurance balances and related assets, net of income tax.

# Important Information – Non-GAAP and Other Measures (cont'd)

## Non-GAAP and Segment Measures (cont'd)

- **Distributable Operating Earnings** is a non-GAAP performance measure that KKR believes is useful to stockholders as it provides a supplemental measure of our operating performance without taking into account items that KKR does not believe arise from or relate directly to KKR's operations. Distributable Operating Earnings excludes: (i) equity-based compensation charges, (ii) amortization of acquired intangibles, (iii) strategic corporate-related charges and (iv) non-recurring items, if any. Strategic corporate-related charges arise from corporate actions and consist primarily of (i) impairments, (ii) transaction costs from strategic acquisitions, and (iii) depreciation on real estate that KKR owns and occupies. Inter-segment transactions are not eliminated from segment results when management considers those transactions in assessing the results of the respective segments. These transactions include (i) management fees earned by KKR as the investment adviser for Global Atlantic insurance companies and (ii) interest income and expense based on lending arrangements where one or more KKR subsidiaries borrow from a Global Atlantic insurance subsidiary. Inter-segment transactions are recorded by each segment based on the definitive documents that contain arms' length terms and comply with applicable regulatory requirements. Distributable Operating Earnings represents operating earnings of KKR's Asset Management and Insurance segments.
  - **Asset Management Segment Operating Earnings** is the segment profitability measure used to make operating decisions and to assess the performance of the Asset Management segment and is comprised of: (i) Fee Related Earnings, (ii) Realized Performance Income, (iii) Realized Performance Income Compensation, (iv) Realized Investment Income, and (v) Realized Investment Income Compensation. Asset Management Segment Operating Earnings excludes the impact of: (i) unrealized gains (losses) on investments, (ii) unrealized carried interest, and (iii) related unrealized carried interest compensation (i.e. the carry pool). Management fees earned by KKR as the adviser, manager or sponsor for its investment funds, vehicles and accounts, including its Global Atlantic insurance companies, are included in Asset Management Segment Operating Earnings.
  - **Insurance Segment Operating Earnings** is the segment profitability measure used to make operating decisions and to assess the performance of the Insurance segment. This measure is presented before income taxes and is comprised of: (i) Net Investment Income, (ii) Net Cost of Insurance, (iii) General, Administrative, and Other Expenses, and (iv) Net Income Attributable to Noncontrolling Interests. The non-operating adjustments made to derive Insurance Segment Operating Earnings excludes the impact of: (i) investment gains (losses) which include realized gains (losses) related to asset/liability matching investments strategies and unrealized investment gains (losses) and (ii) non-operating changes in policy liabilities and derivatives which includes (a) changes in the fair value of market risk benefits and other policy liabilities measured at fair value and related benefit payments, (b) fees attributed to guaranteed benefits, (c) derivatives used to manage the risks associated with policy liabilities, and (d) losses at contract issuance on payout annuities.
- Insurance Segment Operating Earnings includes (i) realized gains and losses not related to asset/liability matching investments strategies and (ii) the investment management costs that are earned by KKR as the investment adviser of the Global Atlantic insurance companies.
- **Fee Related Earnings ("FRE")** is a performance measure used to assess the Asset Management segment's generation of profits from revenues that are measured and received on a recurring basis and are not dependent on future realization events. KKR believes this measure is useful to stockholders as it provides additional insight into the profitability of KKR's fee generating asset management and capital markets businesses and other recurring revenue streams. FRE equals (i) Management Fees, including fees paid by the Insurance segment to the Asset Management segment and fees paid by certain insurance co-investment vehicles, (ii) Transaction and Monitoring Fees, Net and (iii) Fee Related Performance Revenues, less (x) Fee Related Compensation, and (y) Other Operating Expenses.
  - Fee Related Performance Revenues refers to the realized portion of Incentive Fees from certain AUM that has an indefinite term and for which there is no immediate requirement to return invested capital to investors upon the realization of investments. Fee related performance revenues consists of performance fees (i) to be received from our investment funds, vehicles and accounts on a recurring basis, and (ii) that are not dependent on a realization event involving investments held by the investment fund, vehicle or account.
  - Fee Related Compensation refers to the compensation expense, excluding equity-based compensation, paid from (i) Management Fees, (ii) Transaction and Monitoring Fees, Net, and (iii) Fee Related Performance Revenues.
  - Other Operating Expenses represents the sum of (i) occupancy and related charges and (ii) other operating expenses.
  - **Total Asset Management Segment Revenues** is a performance measure that represents the realized revenues of the Asset Management segment (which excludes unrealized carried interest and unrealized net gains (losses) on investments) and is the sum of (i) Management Fees, (ii) Transaction and Monitoring Fees, Net, (iii) Fee Related Performance Revenues, (iv) Realized Performance Income, and (v) Realized Investment Income. KKR believes that this performance measure is useful to stockholders as it provides additional insight into the realized revenues generated by KKR's asset management segment.

## Other Terms and Capital Metrics

- **Adjusted shares** represents shares of common stock of KKR & Co. Inc. outstanding under GAAP adjusted to include (i) for any reporting period prior to the redemption of the Series C Mandatory Convertible Preferred, adjusted shares included the number of shares of common stock of KKR & Co. Inc. assumed to be issuable upon conversion of the Series C Mandatory Convertible Preferred Stock and (ii) certain securities exchangeable into shares of common stock of KKR & Co. Inc. Weighted average adjusted shares is used in the calculation of After-tax Distributable Earnings per Adjusted Share, and Adjusted Shares is used in the calculation of Book Value per Adjusted Share.
- **Assets Under Management (“AUM”)** represent the assets managed, advised or sponsored by KKR from which KKR is entitled to receive management fees or performance income (currently or upon a future event), general partner capital, and assets managed, advised or sponsored by our strategic BDC partnership and the hedge fund and other managers in which KKR holds an ownership interest. We believe this measure is useful to stockholders as it provides additional insight into the capital raising activities of KKR and its hedge fund and other managers and the overall activity in their investment funds and other managed or sponsored capital. KKR calculates the amount of AUM as of any date as the sum of: (i) the fair value of the investments of KKR's investment funds and certain co-investment vehicles; (ii) uncalled capital commitments from these funds, including uncalled capital commitments from which KKR is currently not earning management fees or performance income; (iii) the asset value of the Global Atlantic insurance companies; (iv) the par value of outstanding CLOs; (v) KKR's pro rata portion of the AUM of hedge fund and other managers in which KKR holds an ownership interest; (vi) all of the AUM of KKR's strategic BDC partnership; (vii) the acquisition cost of invested assets of certain non-US real estate investment trusts and (viii) the value of other assets managed or sponsored by KKR. The pro rata portion of the AUM of hedge fund and other managers is calculated based on KKR's percentage ownership interest in such entities multiplied by such entity's respective AUM. KKR's definition of AUM (i) is not based on any definition of AUM that may be set forth in the governing documents of the investment funds, vehicles, accounts or other entities whose capital is included in this definition, (ii) includes assets for which KKR does not act as an investment adviser, and (iii) is not calculated pursuant to any regulatory definitions.
- **Capital Invested** is the aggregate amount of capital invested by (i) KKR's investment funds and Global Atlantic insurance companies, (ii) KKR's Principal Activities business line as a co-investment, if any, alongside KKR's investment funds, and (iii) KKR's Principal Activities business line in connection with a syndication transaction conducted by KKR's Capital Markets business line, if any. Capital invested is used as a measure of investment activity at KKR during a given period. We believe this measure is useful to stockholders as it provides a measure of capital deployment across KKR's business lines.

Capital invested includes investments made using investment financing arrangements like credit facilities, as applicable. Capital invested excludes (i) investments in certain leveraged credit strategies, (ii) capital invested by KKR's Principal Activities business line that is not a co-investment alongside KKR's investment funds, and (iii) capital invested by KKR's Principal Activities business line that is not invested in connection with a syndication transaction by KKR's Capital Markets business line. Capital syndicated by KKR's Capital Markets business line to third parties other than KKR's investment funds or Principal Activities business line is not included in capital invested.

- **Fee Paying AUM (“FPAUM”)** represents only the AUM from which KKR is entitled to receive management fees. We believe this measure is useful to stockholders as it provides additional insight into the capital base upon which KKR earns management fees. FPAUM is the sum of all of the individual fee bases that are used to calculate KKR's and its hedge fund and BDC partnership management fees and differs from AUM in the following respects: (i) assets and commitments from which KKR is not entitled to receive a management fee are excluded (e.g., assets and commitments with respect to which it is entitled to receive only performance income or is otherwise not currently entitled to receive a management fee) and (ii) certain assets, primarily in its private equity funds, are reflected based on capital commitments and invested capital as opposed to fair value because fees are not impacted by changes in the fair value of underlying investments.
- **Uncalled Commitments** is the aggregate amount of unfunded capital commitments that KKR's investment funds and carry-paying co-investment vehicles have received from partners to contribute capital to fund future investments and the amount of uncalled commitments is not reduced by capital invested using borrowings under an investment fund's subscription facility until capital is called from our fund investors. We believe this measure is useful to stockholders as it provides additional insight into the amount of capital that is available to KKR's investment funds and carry paying co-investment vehicles to make future investments. Uncalled commitments are not reduced for investments completed using fund-level investment financing arrangements or investments we have committed to make but remain unfunded at the reporting date.

## Past Performance and Investment Returns

Past performance is not a guarantee of future results. Information about any fund or strategy and investments made by such fund or strategy, including past performance of such fund, strategy or investment, is provided solely to illustrate KKR’s investment experience, and processes and strategies used by KKR in the past with respect to such funds or strategies.

The performance information relating to KKR’s historical investments is not intended to be indicative of any fund’s or strategy’s future results or the future results of KKR. Certain funds or strategies are also relatively new and their limited historical results may not be indicative of results they will experience over a longer period of time. There can be no assurance that any KKR entity (including any KKR investment fund, vehicle or account, the KKR balance sheet or Global Atlantic insurance company) will achieve results comparable to any results included in this presentation, or that any investments made by KKR entity now, in the past or in the future will be profitable, or that KKR entities will find investment opportunities similar to any presented in connection with this presentation. Actual realized value of currently unrealized investments will depend on, among other factors, the value of the investments and market conditions at the time of disposition, related transaction costs, and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the currently unrealized valuations are based. Accordingly, the actual realized values of unrealized investments may differ materially from the values indicated herein.

## Estimates and Assumptions

Target, goal, hypothetical or estimated results, projections and other comparable phrases and concepts are hypothetical in nature and are shown for illustrative, informational purposes only. Except as otherwise specifically stated, this information is not intended to forecast or predict future events, but rather to show the hypothetical estimates calculated using the specific assumptions presented herein. It does not reflect any actual results, which may differ materially. Certain of the information has been made for illustrative purposes and may not materialize. No representation or warranty is made as to the reasonableness of the assumptions made or that all assumptions used in calculating the target, goal, hypothetical or estimated results have been stated or fully considered. Changes in the assumptions may have a material impact on the target, goal, hypothetical or estimated results presented. Target, goal, hypothetical or estimated results or projections may not materialize.

## Forward Looking Statements

This presentation contains certain forward-looking statements pertaining to KKR, including investment funds, vehicles and accounts managed by KKR and the insurance companies managed by Global Atlantic. You can identify these forward-looking statements by the use of words such as “outlook,” “believe,” “think,” “expect,” “potential,” “continue,” “may,” “should,” “seek,” “approximately,” “predict,” “intend,” “will,” “plan,” “estimate,” “anticipate,” “visibility on,” the negative version of these words, other comparable words or other statements that do not relate strictly to historical or factual matters. Forward-looking statements relate to expectations, estimates, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts, including but not limited to the statements with respect to: the declaration and payment of dividends in future quarters; the timing, manner and volume of repurchase of shares of common stock of KKR & Co. Inc.; the timing, manner and pricing of redemptions of preferred stock; future expectations related to Fee Related Earnings, After-tax Distributable Earnings, Book Value, Asset Management (and Insurance) Segment Operating Earnings, Distributable Operating Earnings, and other measures and performance metrics; KKR’s ability to grow its AUM, to deploy its capital, to realize currently unrealized investment returns and the time period over which such events may occur; KKR’s ability to manage operations and investments of acquired companies; the effects of any acquisition on KKR’s operating results; expansion and growth opportunities and other synergies resulting from acquisitions, reorganizations or strategic partnerships, including Global Atlantic; the timing and expected impact to our business of any new fund, investment vehicle or product launches; the ability of core private equity investments to generate earnings that compound over a long period of time; the timing and completion of certain transactions contemplated by the Reorganization Agreement entered into on October 8, 2021 by KKR & Co. Inc. pursuant to which the parties agreed to undertake a series of integrated transactions to effect a number of transformative structural and governance changes, some of which were completed on May 31, 2022 (the date on which the merger transactions contemplated by the Reorganization Agreement were completed), and others, which will be completed in the future, the implementation or launch, as applicable, and expansion, growth and other synergies relating to, all strategic initiatives previously announced on November 29, 2023, including relating to KKR’s acquisition of the remaining Global Atlantic minority interests held by third party co-investors and Global Atlantic employees, which closed on January 2, 2024. These forward-looking statements are based on KKR’s (including Global Atlantic’s) beliefs, assumptions and expectations, taking into account all information currently available to it. These beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to KKR or are within its control. If a change occurs, KKR’s business, financial condition, liquidity and results of operations, including but not limited to dividends, stock repurchases, tax assets, tax liabilities, AUM, FPAUM, After-tax Distributable Earnings,

capital invested, uncalled commitments, cash and short-term investments, Fee Related Earnings, adjusted EBITDA, book value, debt levels, outstanding shares of common stock of KKR & Co. Inc. and capital structure may vary materially from those expressed in the forward-looking statements.

The following factors, among others, could cause actual results to vary from the forward-looking statements: failure to realize the anticipated benefits within the expected timeframes from acquisitions; unforeseen liabilities or integration and other costs of acquisitions and timing related thereto; changes in the business of our acquisitions; distraction of management or other diversion of resources within KKR caused by acquisitions; retention of key employees from acquisitions; ability to maintain business relationships following the acquisitions; the pandemic’s impact on the U.S. and global economies and governmental responses to the pandemic; the volatility of the capital markets; failure to realize the benefits of or changes in business strategies including the ability to realize the anticipated synergies from acquisitions, strategic partnerships or other transactions; availability, terms and deployment of capital; availability of qualified personnel and expense of recruiting and retaining such personnel; changes in the asset management or insurance industry, interest rates, credit spreads, currency exchange rates or the general economy; underperformance of our investments and decreased ability to raise funds; compliance with applicable laws; changes to the consolidated subsidiaries of KKR; KKR’s control of acquired companies; changes in Global Atlantic policyholders’ behaviors; any disruption in servicing Global Atlantic’s insurance policies; the use of estimates and risk management in our businesses; the outcome of litigation and regulatory matters, as applicable; the degree and nature of KKR’s competition and changes to accounting standards, such as the recent implementation of the new accounting standard for long-duration contracts such as life insurance and annuities.

These statements are subject to numerous risks, uncertainties and assumptions, including those listed in this Appendix and described under the section entitled “Risk Factors” in KKR & Co. Inc.’s Annual Report on Form 10-K for the year ended December 31, 2022, filed with the SEC on February 27, 2023, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at [www.sec.gov](http://www.sec.gov). These factors should not be construed as being exhaustive and should be read in conjunction with the other cautionary statements that are included in this presentation and in KKR’s filings with the SEC.

All forward-looking statements speak only as of the date of this presentation. KKR does not undertake any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date on which such statements were made except as required by law.
