**KKR Private Equity Investors Reports Results for Quarter Ended
September 30, 2008**

NAV per Unit of \$18.85 as of September 30, 2008

Guernsey, Channel Islands, November 3, 2008 – KKR Private Equity Investors, L.P. (Euronext Amsterdam: KPE), a Guernsey limited partnership that invests its assets in private equity and opportunistic investments identified by Kohlberg Kravis Roberts & Co. (“KKR”), today reported its financial results for the quarter and nine months ended September 30, 2008. As of September 30, 2008, KPE’s net asset value (“NAV”) was \$3,862.3 million, or \$18.85 per unit.

George R. Roberts, Co-Founder of KKR and Co-Chairman of KPE’s Managing Partner’s Board of Directors, commented, “As the decline in KPE’s quarterly NAV evidences, some of our investments faced reduced valuations during the third quarter as a result of the extraordinary turbulence in the global capital markets. We are redoubling our already extensive efforts to improve the operations of our companies in anticipation of a weaker economic environment. The vast majority of our companies continue to perform well - growing revenues, growing EBITDA, increasing margins and paying down debt - due to our continuous focus on long term value creation.”

Results of Operations

Operating results of KPE for the quarter ended September 30, 2008 are highlighted as follows:

- Net unrealized depreciation on investments and foreign currency transactions was \$649.0 million. The most significant changes in the unrealized fair value of investments from June 30, 2008 to September 30, 2008 were:

KPE invests its capital as the sole limited partner of KKR PEI Investments, L.P. (the “Investment Partnership”). As of September 30, 2008, the fair value of the Investment Partnership’s portfolio of private equity investments, net of related financing, and opportunistic investments was \$4,313.9 million, which consisted of:

- Investments of \$1,557.8 million in the following KKR private equity funds:
 - KKR 2006 Fund L.P.
 - KKR Millennium Fund L.P.
 - KKR European Fund, Limited Partnership
 - KKR European Fund II, Limited Partnership
 - KKR Asian Fund, L.P.
 - KKR European Fund III, Limited Partnership
- Co-investments of \$2,149.8 million in the following portfolio companies of KKR’s private equity funds:
 - Alliance Boots GmbH
 - Biomet, Inc.
 - Capmark Financial Group Inc.
 - Dollar General Corporation
 - Energy Future Holdings Corp.
 - First Data Corporation
 - HCA Inc.
 - KION Group GmbH
 - The Nielsen Company B.V.
 - NXP B.V.
 - PagesJaunes Groupe S.A.
 - ProSiebenSat. 1 Media AG
 - U.S. Foodservice, Inc.
- Negotiated equity investments of \$325.0 million, net of related financing in the following companies:
 - Orient Corporation
 - Sun Microsystems, Inc.
 - Aero Technical Support & Services S.à r.l.
- Opportunistic investments of \$281.3 million as follows:
 - Investments by KKR Strategic Capital Institutional Fund, Ltd.
 - Fixed income investments
 - Investments in publicly traded securities

Please refer to the schedule of investments as of September 30, 2008, included elsewhere in this release, for detail of the amounts listed above.

Subsequent to September 30, 2008, the Investment Partnership invested an additional \$30.1 million in ProSieben, which was comprised of a \$28.0 million co-investment and a \$2.1 million pro rata share in KKR's private equity funds' investment .

Commitments

As of September 30, 2008, the Investment Partnership's remaining capital commitments related to limited partner interests in KKR's private equity funds were as follows, with amounts in thousands:

KKR 2006 Fund L.P.	\$ 431,987
KKR European Fund III, Limited Partnership	291,192
KKR Asian Fund L.P.	220,960
KKR Millennium Fund L.P.	4,440
KKR European Fund II, Limited Partnership	1,010
	<u>\$ 949,589</u>

We expect that the unfunded capital commitments presented above will be called over a period of several years, if not longer.

Liquidity and Capital Resources

As of September 30, 2008, the Investment Partnership had a cash balance of \$142.7 million. As of September 30, 2008, the Investment Partnership had drawn \$503.3 million of its \$1.0 billion five-year senior secured credit facility established on June 11, 2007.

Subsequent to September 30, 2008 and through October 31, 2008, the Investment Partnership received \$325.2 million of proceeds from a \$351.0 million credit facility drawdown request to fund potential working capital needs, which resulted in availability for further borrowings under the credit facility of \$171.5 million as of October 31, 2008. As a result of this drawdown and the subsequent investment described above, the Investment Partnership's cash balance increased, on a pro forma basis, to approximately \$437.8 million as of October 31, 2008. The difference between the proceeds received and the drawdown request was due to the amount not funded by Lehman Commercial Paper Inc. ("Lehman"). Lehman, an original lender under the credit facility with an initial aggregate \$75.0 million commitment, has declared bankruptcy and was responsible for funding an additional \$37.3 million in commitments as of October 31, 2008. Due to Lehman's bankruptcy, we believe that Lehman will not fund any part of its remaining commitments. Therefore, the remaining availability of \$171.5 million, absent Lehman's bankruptcy, has effectively been reduced to \$134.2 million in unfunded commitments as of October 31, 2008, or from \$1.0 billion to \$925.0 million in total commitments, unless Lehman's commitments are assigned to another existing or new lender. There can be no assurance that any lender will assume any part of Lehman's commitment under the credit facility.

Business Environment

Global financial markets have experienced considerable declines in the valuations of equity and debt securities, an acute contraction in the availability of credit and the failure of a number of leading financial institutions during the second half of fiscal 2007 and through 2008 to date. Uncertainty regarding the value of assets and the ability of counterparties to meet their obligations, and a lack of transparency regarding the magnitude of risk inherent in certain investments, spread from the residential real estate market to financial markets generally. As a result, sources of liquidity may be not only more difficult, but also impossible to obtain in the current market environment. In addition, subsequent to September 30, 2008 and through October 31, 2008, there has been a further decline in the global economy and financial markets. Until the close of the fourth quarter and the completion of the year-end valuation process, KPE and the Investment Partnership will not know the exact impact of this decline on their year-end valuations or results of operations. The state of the financial markets may also adversely impact other aspects of the business, operations, investments or prospects of KPE and the Investment Partnership in ways that are not currently foreseeable.

Business Combination Transaction

As announced on July 27, 2008, KPE and KKR & Co. L.P. have entered into an agreement providing for the acquisition of all of the assets and assumption of all of the liabilities of KPE by KKR & Co. L.P. U.S. Securities and Exchange Commission review of the registration statement related to the transaction is continuing. Subject to the satisfaction or waiver of the conditions to closing, the parties remain committed to completing the transaction, but do not at this point expect the transaction to close until 2009.
